We will be shooting two stations per team. Each team will need two target boxes per seven member team, and a coach for each of the shooters on the firing line. There will be a Safety Test which will count towards the shooters final score. Test questions will come from the NRA rule book and the Daisy 10 Lesson Guide. We will need at least one volunteer per county to help with scoring and running targets. Teams are also responsible for their own equipment (guns, mats, BBs, pencils for test, site in targets, chairs, etc.).

Note: Safety glasses required to be worn by all shooters and coaches on the firing line.
