R 27-1022 State Poultry Regulations

Synopsis:

These regulations are being promulgated to modernize, clarify and update existing regulations which govern, to the extent authorized by S.C. Code, Title 47, Chapter 4, the inspection of poultry products produced for intrastate commerce. These updated regulations are necessary to comply with the federal Poultry Products Inspection Act (21USCA 454, Section 5) which establishes Federal-State Cooperative Poultry Inspection Programs. This is a grant program with equal federal-state funding. A cooperating state is required to adopt regulations “at least equal to” those adopted by the federal government. This regulation will, in effect, adopt the current Federal Poultry Products Inspection Regulations with some minor exceptions for some state specific requirements. The Notice of Drafting was published in the State Register on August 24, 2007
