

SC Bird Disease Alert/Info Email List:

Got Email? Want to be on my SC Bird Disease Alert Email List?

This list is just to notify SC bird owners of when and where serious avian diseases are occurring, locally and nationally (eg. Avian Influenza, Exotic Newcastle Disease, etc.). Or of any new regulations concerning poultry or pet birds.

To get on the list, just email me your name, address and types of birds you raise (poultry, pet birds, etc.) to: jhelm@clermson.edu
