

## ACADEMIC ADVISING BY COLLEGE

College	College Advising Model	Function of the Center	Lead Advisor(s)	Email Address	Campus Address	Phone
<b>Agriculture, Forestry and Life Sciences</b>	Primarily faculty-based advising	General services for all students in the college. Advising for undeclared students in the college.	Amy Sanders	amybs	F-153 P&A	656-4840
<b>Architecture, Arts and Humanities</b>	Primarily faculty-based advising	Advising services for undeclared students in the college. Academic affairs office for all students in the college.	Suzanne Atkinson	asuzann	201 Strode	656-4485
<b>Business and Behavioral Science</b>	Shared/Split Model Total intake center for pre-business and freshman behavioral science students. Faculty advise upper class business and behavioral science students. All graphic communication students are advised by faculty.	Advising services for pre-business students and freshman behavioral science students.	Sandy Edge Adam Hunter Ed De Iulio Rhonda Woods Suerea Wooten Lance Young	sedge hunter3 edeiuli rwoods swooten lsyoung	G-01 Serrine	656-6172
<b>Engineering and Science</b>	1 <sup>st</sup> year students in engineering and chemistry are advised by professional advisors. Faculty advise upper class students in engineering and chemistry, and students in all other science majors.	Advising services for general engineering and chemistry students only.	Jessica Creel Lib Crockett Janeen Putnam Susan Smith	pelfrey crockee janeen susans	104 Holtzendorff	656-2541
<b>Health, Education and Human Development</b>	1 <sup>st</sup> and 2 <sup>nd</sup> year students are advised by professional advisors and 3 <sup>rd</sup> and 4 <sup>th</sup> year students are advised by faculty advisors.	Advising services for 1 <sup>st</sup> and 2 <sup>nd</sup> year students in the college.	Kristin Goodenow Betsy Knapp Micky Ward	kristig mparke3 mickyw	309 Edwards	656-5495

# CALHOUN HONORS COLLEGE

CONTACT: Bill Lasser, Director, LASSER, 656-4762 or Dana Irvin, Student Service Manager, PARMA, 656-0407

## ***HONORS FRESHMAN ORIENTATION INFORMATION***

### ***Calhoun Honors College Orientation Sessions***

Session 1	June 13-14
Session 5	June 23-24
Session 6	June 27-28
Session 8	June 30-July 1

### ***HON Courses***

- 100-level HON courses are available for freshmen honors students only. These courses are limited to 15 students per class.
- 200-level HON courses are available for all honors students.

### ***Registering for Honors Courses***

Honors incoming freshmen are encouraged to register for 2 honors courses their first semester. If for any reason an honors student registers for only one honors course and has to drop this course, the student would be removed from honors.

Honors courses are open only to those students who have been invited to and have accepted membership in the Calhoun Honors College. Students having difficulty registering for honors courses should be referred to the Honors Office in 105 Tillman Hall.

## ***ACADEMIC PROGRAMS***

In addition to regularly taking honors courses and maintaining a 3.40 GPR, honors students are expected to set their sights on meeting the requirements of our two academic programs, ***General Honors*** and ***Departmental Honors***.

### ***General Honors***

General Honors was designed to go along with General Education requirements and to be completed in the freshman and sophomore years. However, these courses may be taken at any time during the student's undergraduate career. The purpose of General Honors is to broaden students' intellectual perspectives. General Honors does not have to be completed prior to a student pursuing Departmental Honors.

To be awarded General Honors, the following requirements must be satisfied:

- 1) Completion of a minimum of six honors courses of no less than three credits (with the exception of CES H 102 which is 2 credit hours) each, distributed as follows:
  - a) At least one course from three or more groups
    - Group 1 – Composition and Communication
    - Group 2 – Science, Mathematics and Engineering
    - Group 3 – Social Science
    - Group 4 – Arts and Humanities
    - Group 5 – Cross Cultural Awareness
    - Group 6 – Science and Technology and Society
    - Group 7 – Other
  - b) At least one course in three or more subjects (e.g., ENGL, MTHSC)
- 2) A cumulative grade point average of 3.40 or higher on all coursework taken at Clemson (non-honors as well as honors courses);
- 3) A grade of A or B in all courses taken to fulfill the requirements of General Honors.

### ***Departmental Honors***

The purpose of Departmental Honors is to provide honors students with the opportunity to do advanced, in-depth study, research or project within their major. Specific requirements are set by the student's department and are detailed in the *Honors Student Handbook*. Normally, Departmental Honors is undertaken in the junior and senior years.

## ***ACADEMIC POLICIES AND REQUIREMENTS***

### ***Regular Enrollment in Honors Courses***

Members of the Honors College must take and complete at least one honors course each fall and spring semester. Any and all exceptions to this policy must have the prior, written permission of the Honors Office.

### ***Dropping Honors Courses***

Since honors students should select their honors courses wisely. If the student's schedule includes one honors course, dropping that course will result in removal from the Calhoun Honors College.

### ***Minimum Grade Point Ratio***

Members of the Calhoun Honors College must maintain a cumulative GPR of 3.40 or higher. Should a student's cumulative GPR fall between a 2.8 and a 3.40, s/he will be placed on honors probation and will have one semester to return to honors academic standing. If at the end of the probationary semester the cumulative GPR remains below 3.40, s/he will lose all privileges of membership. If at any time an honors student's cumulative GPR falls below a 2.8 s/he will be removed from the honors program.

### ***Earning Honors Credit***

Students receive honors credit by earning a grade of A or B in honors courses (except in limited circumstances in which courses are offered pass/fail). A course may not be taken for honors credit unless it has been approved as an honors course by the appropriate curriculum committees and by the Calhoun Honors College Committee.

### ***Advanced Placement, International Baccalaureate, and Transfer Credit***

Credits earned through the College Board's Advanced Placement (AP) Program, International Baccalaureate (IB) count for regular (non-honors) credit and cannot be used to exempt requirements of the Honors College.

### ***Honors Contracts***

On a limited basis, students may earn honors credit for a 300- or 400-level course by means of an Honors Contract. The purpose of such contracts is to enable students to experience the educational enrichment that typifies honors courses, and to explore topics in greater depth than is normally possible in a regular undergraduate course. Contact the Honors Office for details.
