Ranked as the 21st best national public university by U.S. News & World Report, Clemson University is dedicated to teaching, research and service. Founded in 1889, we remain committed both to world-class research and a high quality of life. Clemson’s retention and graduation rates rank among the highest in the country for public universities.

Our beautiful college campus sits on 1,400 acres in the foothills of the Blue Ridge Mountains, along the shores of Lake Hartwell. We also have research facilities and economic development hubs throughout the state of South Carolina — in Greenville, Greenwood, Columbia and Charleston.

Just as founder Thomas Green Clemson intertwined his life with the state’s economic and educational development, the Clemson Family impacts lives daily with their teaching, research, and service.

Clemson is a vibrant, student-centered community that thrives on leadership, collaboration, public service, relevant research and a winning spirit — in academics, athletics and life.
"Excellence is a lifestyle"

OUR TUTORING SERVICES
Athletic Academic Services maintains a staff of more than 100 highly qualified tutors across a wide variety of academic disciplines. The tutors are an integral part of a team effort to help student-athletes succeed at Clemson University. Tutors work with individuals and small groups. Appointment notes are reviewed daily by Athletic Academic Services staff members.

CONTENT TUTORS:
Content Tutors demonstrate knowledge of subject matter and focus on specific subject content during tutoring sessions. Content Tutors help student-athletes develop strategies for learning specific content and guide them to become independent learners. In addition, Content Tutors encourage student-athletes by positively reinforcing their understanding of the material.

MENTORS:
Mentors support student-athletes by assisting them with developing long-term plans using semester calendars, syllabi, and supplemental class documents. Mentors ensure student-athletes complete their Weekly Action Plan and monitor their progress during the next session. Also, Mentors assist students with organizational strategies and maintaining their notebooks for class, as well as, forecasting any needs (i.e. books, supplies, tickets, scantrons).

STRATEGIC TUTORS:
Strategic Tutors guide student-athletes on time management, task management, and organizational strategies. Strategic Tutors also hold assigned student-athletes accountable to their plans by checking their adherence to weekly study schedules, work completion, and weekly follow-up. In addition, Strategic Tutors assist students in developing study skills and learning strategies to use across the curriculum. Strategic Tutors communicate progress and issues to Learning Specialists on a regular basis using GradesFirst documentation and in-person meetings.

TRANSITION TO GRADESFIRST

Before January 2014, Clemson's Athletic Academic Services used TutorTrac, a management software system to schedule and coordinate appointments that occurred in Vickery Hall. During the Spring 2014 term Athletic Academic Services staff, student-athletes and other athletic personnel transitioned to GradesFirst; a student support system that monitors academic progress. GradesFirst allows the staff to better manage the Tutorial Program and advising appointments. In addition to managing daily appointments, GradesFirst has the capability to generate detailed reports on the services available in Vickery Hall. These reports can be used to measure the effectiveness of our programs as we strive for student success.

During the 2013-14 academic year, 295 Clemson University student-athletes earned above a 3.0 GPA; naming them to this year's Honor Roll. All of Clemson's athletic teams were represented in this academic recognition. The following pages celebrate each individual student-athlete and recognize them with a photo and semester(s) that they made the Honor Roll.

Football and Rowing led the way with 56 and 54 students, respectively, making the honor roll. Women's Tennis achieved a distinct honor with all team members making the honor roll during the academic year. Congratulations to all of our Honor Roll recipients!
Students pictured received a 3.0 GPA or higher during the 2013-14 Academic Year. Those who made a 3.0+ in Fall 2013 are pictured with an F below their name while those who earned a 3.0+ in Spring 2014 have an S. Anyone achieving a 3.0+ for both semesters is marked with an F/S.

Clemson University graduated 79 student-athletes during the Summer 2013, Fall 2013, and Spring 2014 academic semesters. Nine Clemson student-athletes earned their degrees in the Summer 2013, 24 student-athletes earned their respective degrees in Fall 2013, and 46 student-athletes graduated in Spring 2014.

To celebrate this academic milestone, a graduation brunch is held in the West End Zone. Graduating student-athletes are recognized in front of family, friends, coaches, athletic administration, and the Athletic Academic Services staff. At the graduation brunch student-athletes receive stoles to wear during the graduation ceremony and a professional portfolio they can utilize in their future careers. Guest speakers are invited to address the graduates with words of encouragement as they embark on the next step in their journey as Clemson alumni.
