**Changes to Directed Student Learning Screen – March 2021**

Because faculty want to be able to add students where they serve as the advisor **before the student has formed a committee**, we have added two additional roles in this screen.

Other Role

| Master's Student Prior to Plan of Study |
| Doctoral Student Prior to Plan of Study |
| Thesis or Dissertation Committee (Not Clemson) |
| Master's Thesis Committee (Not Clemson) |
| Dissertation Committee (Not Clemson) |
| Directed Individual/Independent Study |
| Internship Advisor |
| Postdoctoral Research Supervision |
| Supervised Research |
| Supervised Teaching Activity |
| Undergraduate Honors Thesis |
| Other |

Faculty can add students in these roles, and it will appear on their annual report. Once the full committee is loaded, however, faculty should edit the record and put an end date to these records so that they aren't showing the same student twice.

We have loaded all graduate committees that are in the system through March 8. If a faculty member has an existing student committee that they feel should have been loaded already, please complete the Adobe form here https://clemson.box.com/s/8a6jusaghju9mhp6dq28zjy2ag3nfr0t and submit to DMAdmin@clemson.edu.
