

Application for Clemson University Greenhouse Services

Submit your application at least two weeks before your project start date. Plants being relocated to the greenhouses are subject to inspection for diseases or pests.

Please familiarize yourself with the Clemson University [Greenhouse Operating Procedures](#). Most of the questions regarding Greenhouse services and policies are addressed there. Hard copies are available from the Greenhouse Staff 864-656-7063.

Use the tab key to move through this form and type in your information. Click the submit button when your form is complete.

Today's date (mm/dd/yyyy) _____

Your name _____
