Why go?
• Prepare students to succeed on the biology end-of-course-examination
• Prepare for the Advanced Placement Exam
• See what a college freshman exam might look like
• Explore a college atmosphere
• The exam is designed to address the South Carolina biology standards

What will you do?
• Test your Biology knowledge
• Tour the Clemson campus, explore the museums, attend science exhibits and demonstrations
• Compete against students at your grade levels for awards
• Meet “real” faculty and students
• Get to know Clemson University!

Register by March 31!
