*Department of Campus Recreation*

*Division of Student Affairs*
Club Sport Practice Policies and Procedures

1. Everyone is required to wear a face mask or face covering at all times throughout practice.
2. Practices will be limited to no more than 50 people (including players, coaches, and Sport Programs student staff).
3. Club Sport teams must adhere to University COVID-19 policies and guidelines from their respective national governing body. Modifying practice drills/activities to ensure physical distancing of players is also strongly encouraged.
4. Attendance will be taken by Sport Programs student staff at every practice. Club teams are encouraged to keep their own record of attendance as well.
   i. Club participants must be listed and cleared to play on the team’s IMLeagues roster in order to practice.
5. Club Sport teams will be responsible for sanitizing their own equipment.
6. The ability for student organizations to have visitors (i.e., coaches, advisors) on-campus must first be approved. Complete and submit the Visitor Review Form at least two weeks in advance of the date the visitor is proposed to be on campus.
   i. If approved, the visitors are expected to complete the Self-Assessment Tool located at this link and follow the recommendations.
   ii. Please review the Clemson University COVID-19 University Visitors Requirements as they apply to all student organizations.
   iii. Any questions regarding visitors and the approval process can be directed to Myles Surrrett, Associate Director of Student Involvement, at surrett@clemson.edu.
7. Teams should instruct potential attendees to monitor health conditions before attending. Anyone showing symptoms should not attend.
8. Practice times are subject to cancellation if availability of Sport Programs student staff is to change.
9. Any access to space or property in addition to the practice times listed above, must first be approved by the Assistant Director, Club Sports.
10. If a club team decides not to host practice on a night they are scheduled for, they must notify the Assistant Director of Club Sports, Rachel Jones, via email of this change by 5:00pm the day of the canceled practice. Failure to do so may result in future loss of field space privileges.

These guidelines were put in place after very careful consideration to ensure a meaningful on-campus experience for students this Fall while prioritizing the health and safety of its participants. Student organizations are a vital part in the unified effort to maintain a safe, meaningful student experience. Your cooperation in upholding these safety standards is crucial for a safe return to campus and maintaining in-person operations. Additionally, as stated in the Fall 2020 Student Organization Operation Recommendations document:

“All student organizations are expected to maintain social distancing, density, and mask standards while using any University space... Any organization found to be in violation of these standards will lose access to University space and may additionally be referred to the Office of Community & Ethical Standards.”

Please note that policies and procedures may be modified as the pandemic evolves and/or adjustments are made to federal, state, local, and university guidance. Organizations should be prepared to adjust as necessary. The directives outlined in this document will remain in place until further notice.
