Student Membership Rates

Membership to the Recreation Center is granted to students taking a full course load of 12-credit hours. This fee is indicated as "Campus Recreation Fee" on your University bill. Classes that are online, research hours, hybrid classes, co-op experiences, and classes during Minester or a summer term do not count towards a full course load which may mean the Campus Recreation fee was not applied to the student's University bill. To opt in to this fee, if it has not been automatically added to your University bill please go to the "optional fee" section on your iRoar account and select Campus Recreation Fee.

*Opting in to these fees can only be done BEFORE your University bill has been paid.

Current, retired, and Emeritus University Employees are eligible for this rate. Payroll Deduction is also available for full-time 9 and 12 month employees. Payroll deduction memberships will continue indefinitely until the member cancels their membership or separates from the University.

Members (non-Clemson students) must be at least 18 years of age to enter Swann Fitness Center without an adult 18 years of age or older. Members 12 years of age and younger must have direct adult supervision at all times in all facility areas. Any individual age 5 years or older is required to have a membership or be a sponsored guest to access Swann Fitness Center.

All membership and guest fees are nonrefundable and nontransferable.
