Membership Intake

Fraternity and Sorority Life at Clemson University recognizes the importance of the membership intake process and we support your efforts in the development of new members as well as your chapter. As students continue to seek membership in Greek lettered organizations on our campus, it is important that the Fraternity & Sorority Life Staff establish a system of communication with organizations wanting to participate in the intake of new members.

Each of the affiliate organizations of NPHC/MGC exist on campus because of collaboration/partnership between the two entities. It is important that each chapter understands this relationship and operates within the set policies and procedures of your respective national bodies and the University. In addition, it is equally important that potential new members also understand that they must adhere to these same policies and procedures during the membership intake period. Although they are not be initiated into your organization yet, they are affiliated with the organization through the duration of the Membership Intake Process.

In order to be in accordance with policies and procedures from inter/national headquarters and the University, it is necessary that the Fraternity & Sorority Life Staff establish a timeline for membership intake procedures. This is to bring structure to the membership intake process, not to take ownership of individual chapter’s membership process. The plan will ensure that chapters are adhering to the zero tolerance hazing policy. It is important to understand that if these guidelines are not followed it will result in actions being taken by Fraternity and Sorority Life, Office of Community and Ethical Standards, as well as contacting the respective chapter’s advisor and inter/national headquarters.

The intake registration process was designed to help chapters establish membership and ensure longevity on Clemson’s campus. For this reason, it is pertinent that each chapter meets these expectations and follows the membership intake guidelines so that the membership intake process is operated with integrity, civility, and respect.
