Philanthropy and Community Service

The gentlemen of the Pi Kappa Alpha Fraternity are committed to bettering the community. Each year, our membership dedicates over a thousand hours serving our community both physically and financially. Events such as our Fireman’s Challenge raise money to support families of fallen First Responders. Our tree donation project helps bring new life to Campus and ensures that we will impact the Clemson community for years to come. You can also find Pi Kappa Alpha supporting other organizations’ philanthropy through their unique events!
