Mary Erin Morrissey, CU Housing and Dining
David Walthius, CU Fraternity & Sorority Life

Minutes

• Briefing
  o Clemson University
    ▪ 2nd Annual Law Enforcement Summit – Madren Center from 9:00AM-2:00 PM on February 11, 2016.
      ▪ Theme: “Interpersonal Violence: Understanding the Victim’s Experience”
        ▪ Local law enforcement agencies, SV advocacy agencies, and CU staff will be in attendance. Expecting 80 people total.
        ▪ Presentations will be given by CU faculty and staff, and an invited guest, Mike Mertz, who is a training consultant for law enforcement officers.
        ▪ Contact Crystal Burnette or Hailey Palmer if you are interested in attending.
    ▪ National College Health Administration (NCHA) student survey
      ▪ An email invitation will be sent to randomly selected students on February 22 and it will be open for about 3 weeks. The survey measures college student health including safety, nutrition, exercise, medical, mental health concerns, etc.
      ▪ A marketing campaign to promote survey participation will be in effect through print and social media this month. Starbucks gift cards are the incentive for survey completion.
  ▪ Other Updates
    ▪ CUPD:
      ▪ There has been a spike in well-being checks and hospital transportation of Clemson students. More on-campus alcohol incidents this spring compared to last fall. Hospital transports for any issue are up in AY 2015-2016 compared to AY 2014-2015. However, hospital transports for alcohol are down this year compared to last.
        ▪ CUPD and CPD are still seeing Xanax and marijuana use in the student population.
      ▪ An active shooter drill will occur this spring. CUPD has requested that their active shooter preparedness be evaluated by an outside agency. They look forward to receiving helpful feedback.
- Additionally, some CUPD officers will attend an active shooter conference at Furman University later this month.

- Housing and Dining:
  - Marijuana edibles have been more prevalent this semester, especially in the first-year student population. This is something that the university should be aware of in order to monitor the situation.

- Healthy Campus:
  - Aspire sessions for transfer students are wrapping up this month.
  - Healthy Campus will present Aspire data to the CCC in April or May.

- City & Community
  - New street lights have been installed on N. Clemson Ave. Very helpful to promote safety in that area.
  - Ain’t Patty’s Day (tentative); Saturday, March 5
    - The amount of students who have RSVP’d on Facebook is substantially lower than in previous years. CPD and other law enforcement agencies are still adequately preparing for this event.

- City ordinance regarding bar crawls (proposed) – Tate will follow up regarding the progress of this ordinance.

- Increasing student participation on the CCC
  - The CCC would like to have students involved in Greek Life, IFC/Panhellenic, AOD Creative Inquiries, Student Government, Athletics, or any other organization to serve regularly on our coalition.
  - Please contact Crystal Burnette or fill out the Google sheet if you have an individual student to recommend, or if you would be willing to reach out to an organization.

- Subcommittee mapping onto Strategic Plan – Hold for next meeting

- Announcements
  - Prescription Drug Abuse and Diversion training
    - February 18, 2016 – The Phoenix Center, Greenville
  - The Blunt Truth SC Task Force Summit – Marijuana education and legal impact
    - April 20, 2016; Columbia, SC

**Upcoming Meetings:** 1st Wednesday of the month, 3:30-4:30pm

**Clemson Community Coalition**

**Vision:**
We envision a campus and community committed to a high quality of life free of the impact of substance abuse and its adverse effects.

**Mission:**
To promote cultural change by engaging in research, education, coalition building, environmental management, interventions, and other appropriate activities to reduce high risk AOD (alcohol and other drugs) use primarily among college students in the community.
