Minutes

  - Briefing
    - Clemson University
      - Report: Law Enforcement Summit – Crystal Burnette
        - The second annual Law Enforcement Summit hosted by Healthy Campus and Municipal Services was held on February 11th, 2016. There were 55 individuals in attendance including representatives from local law enforcement, victim advocates, university staff, and City Council members.
          - There was also a smaller Law Enforcement Leadership Summit held in earlier this year in August. This event is expected to be held again next year in addition to the annual summit held in February.
        - April is Sexual Assault Awareness Month – Taylor Tyson
          - Numerous events will be held throughout April to raise awareness and support victims of sexual violence.
          - There will be tabling from March 21st-April 8th to promote Sexual Assault Awareness Month. There will be condoms with consent messages and campus maps indicating sexual harassment incidents on campus and in the downtown area.
          - There will also be several events held throughout April to further support SAAM:
            - April 4th: Todoras pizza fundraiser for It’s on Us
              - “Take Back the Night” event will be held April 4th as well (7PM)
            - April 6th: Speaker Laci Green at Tillman. Doors open at 7:30PM and the event will begin at 8PM
            - April 8th: “Hunting Ground” movie showing in McKissick. Ticketing starts at 7PM and the movie begins at 8PM. Popcorn/drinks provided.
            - April 10th: “Out of the Darkness” walk for suicide awareness
            - April 11th: Speaker Tim Musseau (male SV victim) organized by Fraternity and Sorority Life
April 18th: “Post Secret” display at Hendrix ballroom A organized by CAPS

April 19th: Stress buster carnival tentatively located at Carillon Gardens organized by CAPS

April 20th: Denim day: Wear denim to raise awareness of rape and sexual assault

- See attached flyer for full details.
- Please contact Taylor Tyson (ttyson@clemson.edu) for more information or to get involved.

- National College Health Administration (NCHA) student survey update – Crystal Burnette

  - The survey has launched and will remain open until March 11. The survey was sent to 5,000 students. Please go to the Healthy Campus Instagram/Twitter/Facebook to promote the survey. Student responses are critical to guide the direction of Student Health Services and our partners.
  - Healthy Campus will also be tabling in the union from 11AM-1PM this Tuesday/Thursday to raise awareness.

City & Community

- Ain’t Patty’s Day - Saturday, March 5

  - There is expected to be 2,500-3,000 individuals in attendance with the busiest time period being from 2PM-7PM.
  - Local law enforcement is partnering with SLED to provide police force for this event. There will be uniformed/ununiformed officers patrolling downtown looking for minors in possession, happy hour violations, and public intoxication incidences. Additionally, more officers are expected to be downtown than on a regular gameday.
    - Proposed: Social media message to communicate the increased presence of law enforcement.

- City ordinance regarding bar crawls (in progress)

  - The aim of the ordinance is to hold individuals accountable for planning/facilitating bar crawls because of the associated costs (increasing police force, Sunday clean-up, etc.).
    - Chief Dixon is working on this ordinance

- Open container law & downtown

  - On April 23rd, there will be an event downtown in which the streets will be closed and open containers will be allowed in the designated area from 6-9PM.
  - This is a “test run” of expanding the open container law for events like this in the future, held infrequently.

- Report: Prescription Drug Abuse and Diversion training – Crystal Burnette

  - Three-hour training hosted by the Phoenix Center in Greenville that primarily focused on prescription pain medication abuse. These medications are needed by many legitimate patients, but they also have a high risk of addiction and are commonly abused.
    - In Clemson: marijuana and prescription drugs often go hand-in-hand. Often sold or taken together.
    - Proposed speaker Dr. Mahanes (former Pickens County coroner) to inform students/community members on the dangers of prescription drugs.

- Subcommittee mapping onto the Clemson University 2020 AOD Strategic Plan

  - The subcommittee map document will help guide the CCC subcommittees so the CCC can help contribute to meeting the AOD strategic goals.

- Increasing student participation on the CCC
• **Announcements**

**Clemson Community Coalition**

Vision Statement:
We envision a campus and community committed to a high quality of life free of the impact of substance abuse and its adverse effects.

Mission:
To promote cultural change by engaging in research, education, coalition building, environmental management, interventions, and other appropriate activities to reduce high risk AOD (alcohol and other drugs) use primarily among college students in the community.
