MINUTES

Welcome
- Welcome to Catherine Smithdeal, a UPIC intern from CU Healthy Campus.

Agenda
Clemson University
- Clemson’s AOD Creative Inquiry
  - Mal Pai reported that Healthy Campus’s CI team is hosting two events called the Filling Station. The Filling Station is a portable educational “bar” through which the CI students provide education about alcohol and drugs to Clemson students around campus.
    - The Filling Station at Fike Wellness Zone (Lobby) – Thursday, Feb. 23
    - The Filling Station at Horseshoe – Thursday, March 16
  - The team has and is continuing to analyze and cut the NCHA data and give personalized presentations to campus stakeholders on campus. Contact Mal if your department is interested in receiving a presentation.

ScreenU
- The AOD CI team will be utilizing ScreenU at their Filling Station event with hopes to spread the word about the intervention tool.
- Healthy Campus is working towards an introductory ScreenU presentation for the Redfern Medical Providers with plans to have implement a screening in the Redfern waiting rooms sometime this semester.

Certified Peer Educator NASPA training
- Training was held on January 20-21 and was very successful and well received.
- Harriett-Graham Courtney reported that she will meet with the other CPE leaders on 2/2 to brainstorm ways to utilize this certification to other organizations on campus and throughout community. There are plans to train more FSL students next year and offers to collaborate and train students outside of FSL.
  - Contact Harriett-Graham, Chloe Greene, or Hailey Palmer, if you are interested in having the Certified Peer Educator training.

Recent presentations of AOD data and work:
- CU Student Affairs Synergy Conference – Friday, Jan. 27
- Board of Trustees SA committee meeting – Thursday, Feb. 2.
City & Community

- National Championship Game downtown event report
  - Tate reported there were no serious damages to downtown. He reported approximately 6,000 people and 20 officers were on duty. Overall, happy with the turn out of the event. Also, reported the parade was a success as well.

- Ain’t Patty’s Day – Saturday, March 11th
  - Chana is working towards connecting with CU Athletics to promote Baseball series against Notre Dame on the same weekend. She reported that out of the 6 people she needs to talk to and receive approval, she has talked to 3 of them and received approval from 2.
  - Several ideas have been discussed, such as promoting safety downtown with printed materials, passing out merchandise at ticket booth, advertising on big screen, etc. The advertising can be two-sided with promoting the baseball series and safely celebrating St. Patrick’s Day. Chana reported that utilizing the SAAC could help raise awareness of athletes for participation, individually and as a team.
    - Other ideas include having giveaways such as a green hat with white Clemson paw that was given out in past years.
    - Mary Erin had the idea of sponsoring a tailgate. She suggested contacting Josh Barnes in Campus Activities & Events.
  - Mary Erin added that she would be willing to work with Housing & Dining marketing staff to target on-campus students.

- “Spring into Clemson” will be held on Saturday, April 1st from 1:00- 8:00pm and is planned by the non-profit alliance committee comprised of 8 nonprofits, modeled after “Fall for Greenville.”
  - Shannon reported that there will be 3 live bands, a children’s area, and outdoor vendors on the streets.
  - City Council provided $5000 and all proceeds will go to the 8 non-profits.
  - Alcohol will be purchased inside the bars to those only with a wristband. IDs will be checked when acquiring the wristband and when purchasing the alcohol within the bar. The bars are responsible for making sure individuals have a wristband on before leaving the bar. Tate will be training volunteers on how to check IDs. They are planning to have 2 tables in one location to purchase wrist bands
    - Shannon reported that her first meeting with bar owners had poor attendance.
    - Tate mentioned that two bars downtown (Wingin’ It and Study Hall) have license readers that they could potentially borrow for the day but would still need to match pictures with faces to ensure accuracy.
  - Volunteers are needed for 3 hours shifts in all areas. She needs trusted volunteers to check IDs.

**Clemson Community Coalition**

*Vision Statement:* We envision a campus and community committed to a high quality of life free of the impact of substance abuse and its adverse effects.

*Mission:* To promote cultural change by engaging in research, education, coalition building, environmental management, interventions, and other appropriate activities to reduce high risk AOD (alcohol and other drugs) use primarily among college students in the community.
