January 4, 2017, 3:30-4:30pm
Community Room, Clemson City Hall

Attendees
Crystal Burnette, Chair/ CU Healthy Campus
Jennifer Goree, CU Healthy Campus
George Montgomery, CU OCES
Lisa Kuklinski, Pickens County Advocacy Center
Jessica Manla, Pickens County Advocacy Center
Harriett Graham Courtney, CU Fraternity/Sorority Life
Chana Ashlan Land, CU Office of Advocacy & Success
Hailey Palmer, CU Healthy Campus/Aspire
Chloe Greene, CU Healthy Campus/Aspire
Dave Eckstein, Community member
Det. Tate Brown, Clemson PD
Ken Revis-Wagner, Nick’s Tavern
Dave Walthius, CU Fraternity/Sorority Life

Minutes
Welcome
- Welcome to Lisa Kuklinski (Victims Services Coordinator) and Jessica Manla (Volunteer Coordinator) from Pickens County Advocacy Center. They are attending today on behalf of Shannon Lambert.

Agenda
Clemson University
- **Party.0** helps college students host substance-free, off-campus parties. An important piece is that this must be a student-driven initiative. Crystal, Mal, and Lauren Singleton from CUSG are looking for students who would be interested in being a part of the leadership team. If you know of any students or groups, please let them know that we are working to have Party.0 as part of our community.
  - Harriett-Graham - Will let Greek Life Certified Peer Educators know.
  - Chana Land – Could put on the Office of Access and Equity’s website or blog.
  - Can let students who go through the CARE process know about this opportunity.
  - TigerQuest – Could post and inform other student organizations
- **ScreenU** - Healthy Campus has been using ScreenU Alcohol for the past year as part of educational modules. It is a 5 minute screening for alcohol use, uses motivational interviewing to promote behavior, and provides resources.
  - Crystal is working to pilot the use of ScreenU Alcohol in the waiting room of Redfern Health Center. This would be an iPad intervention, and students could discuss the screening results with their medical provider if they choose.
  - ScreenU Marijuana is new tool available. It is very similar to ScreenU Alcohol as a 5 minute screen for marijuana use and negative consequences.
  - Please let Crystal or Mal know if you would like to include ScreenU Alcohol or Marijuana as part of any student presentation.
- **Certified Peer Educator training** (NASPA program) will be offered on January 20-21 as a collaboration between Healthy Campus and Fraternity and Sorority Life. Aspire student facilitators, a group of Greek life students, and a few staff members will be trained. The program is primarily leadership development and learning how to educate your peers. Upon completion of this training, staff will be able to train other individuals on campus who would like to be trained.
• The 3rd annual Law Enforcement Summit 2017 Tuesday, March 7, 8:30am-2:00pm in Madren Center. This year’s theme is “Mental health and suicide risk: Responding to individuals in distress.” If you would like to attend, please email Mal Pai malavip@clemson.edu. This year’s Summit will include presentations, case study discussion, and a panel that will respond to the case studies.

• OCES and Healthy Campus are working together to add BASICS as an option for sanctioning in OCES. BASICS is “brief intervention alcohol screening and intervention for college students.” George Montgomery reported that perhaps Kelly Bollinger can offer brief motivational interviewing (BMI) training to the J-Board this semester. The Phoenix Center in Greenville also offers these trainings periodically. The goal is to pilot BASICS this semester.

  o City & Community

    • The JCUAB has been working to update the City’s Off-Campus Living Guide. Jennifer Goree reported that content has been written and has been submitted to Campus Banner & Design for formatting. Goal is to have available by end of semester. Physical copy would be given when student signs their lease with apartment. Jennifer will share a draft of this document with the CCC for feedback.

    • Ain’t Patty’s Day is scheduled for March 11th. For outreach and education, previously the CCC has helped support Healthy Campus to create a paper flier with food specials and safety information. This was on social media this fall for Fall Crawl.

      ▪ Ideas for this bar crawl:

        • Increase educational fliers in bathroom of all bars.
        • Talk to bar owners – How are they managing people when they need to cut off when had too much to drink.
        • Pickens Advocacy Center – Lisa K. and Jenn Pagano recently received bar owner outreach training. Perhaps they can schedule this soon before Aint Patty’s Day.
        • CCC follow-up: Chana is the SA liaison to Athletics. Baseball has a big series that weekend against Notre Dame. Chana will talk with Athletics to see if they could really promote that game, and promote as a safe way to celebrate St. Patty’s Day, or an alternative to the bar crawl.

    • “Spring into Clemson” will be Saturday, April 1st, 1:00- 8:00pm (Shannon Lambert)

      ▪ Lisa K. reported on behalf of Shannon Lambert that bands have been scheduled.
      ▪ Perhaps CCC members can take a shift to volunteer.

• Other Discussion

  • National Championship Football game on Monday, January 9th. CPD is preparing for the worst and hoping for the best downtown and in the city.
  • Other drugs: Rx drugs (Xanax, Lortab) are still issues. Marijuana oil/dabbing is a growing method of use. Continued education, prevention, and enforcement are needed.

• Announcements

  • Law Enforcement Summit 2017
    ▪ Tuesday, March 7, 8:30am-2:00pm; Madren Center
    ▪ Theme: Mental health concerns and risk of suicide

  • CU Student Affairs Synergy Conference
    ▪ Friday, January 27; Madren Center
    ▪ Healthy Campus presenting on NCHA data and associated efforts
**Upcoming Meetings**: 1st Wednesday of the month, 3:30-4:30pm

**Clemson Community Coalition**

*Vision Statement*: We envision a campus and community committed to a high quality of life free of the impact of substance abuse and its adverse effects.

*Mission*: To promote cultural change by engaging in research, education, coalition building, environmental management, interventions, and other appropriate activities to reduce high risk AOD (alcohol and other drugs) use primarily among college students in the community.
