 - New Social Host Ordinance is going well. Tate mentioned that anything can fall under Social Host Ordinance, neighbors calling because of noise, etc.
 - Discussion: Fall opening and football
 - Megan Faris: There is an increase of alcohol related calls at Lightsey Bridge from Fridays to Sunday. Now CUPD is taking care of Bridge students instead of Oconee Co. sheriff's office when they were in Highpoint.
 - Lease Evinger: Housing has seen a decrease in low level alcohol related issues. CUPD enforcement is helping with issues in Lightsey Bridge.
 - Tate Brown:
 - 172 people attended the annual Alcohol Merchant Meeting. Pickens Co Behavioral Health, PCAC, new Fire Marshall, SLED, and Healthy Campus/CCC presented.
 - Shoulder Tap operation: Informant asks someone in parking lot to purchase alcohol for them, if someone purchases it they go to jail. Football weekends - 36 MIPs, open containers, and more.

- Gang unit out every Friday before home games.
 - Jason Berry, PCAC- Two calls/reports of sexual assault in April, five in September. PCAC opened a Clemson office last spring.
 - SANE nurses: Baptist Easley is the closest location. Forensic rape kits can be done anonymously, even if law enforcement was called.
 - Mason Hammond: Discussion of tailgating and students/parents. Students (of legal drinking age and under) do not want police to come up to them at tailgates if they are with their parents because they are drinking more safely. It is illegal to consume alcohol in public if you're under 21, even if given by parents.
 - Open container laws still apply on game days.
- Clemson University
