**MINUTES**

**CCC Business**

- The Vice Chair election will be postponed until the June meeting. Nominations, including self nominations can still be submitted via email to Crystal. Please submit by May 24.
- Crystal presented the CCC 2016-2017 year-end report (Attached). Feedback on the report sections:
  - Accomplishments and Involvement
    - Jessica added an outreach event for middle and high schoolers put on by BHS and Steppin’ It Up Coalition. “Lessons of Redemption” hosted the author, Kevin Sheer, to come speak. This included a short presentation about Clemson University’s efforts to reduce high risk drinking.
  - Areas of Improvement
    - Present our year-end report to City Council and other community organizations such as the Rotary Club. This is to increase visibility of the CCC and recruit new individuals who would like to be involved.
    - Use the the “Next Door” website instead of creating a CCC Facebook page.
    - Goal to increase student participation, especially by recruiting students who hold specific leadership positions.
  - Future Directions
    - Thank the active CCC bar owners in the community by presenting them with an award, plaque, cookout or picnic-type event.
    - CCC to partner with “Solid Green Day, which involves picking up litter since the majority of the litter comes from AOD use. This might be a better approach than trying to have the CCC create an event, as that has proven to be difficult in previous years.
    - There was discussion on meeting location. Kelly mentioned that when the CCC was held at Hendrix, there was more student participation but it was more difficult for the community and parking. Members agreed that off-campus locations work best so parking isn’t an issue.
- Members revised and approved the CCC Bylaws (Attached)
  - Specific edits:
    - Members agreed to clarify the mission statement.
    - Updated Clemson University office/department names, included the AOD Strategic Plan, and changed meeting times between the Executive Officers from monthly to every other month.
Clemson University
- Hailey reported that sexual assault awareness month was a great success. She noted that, this year, the It’s On Us student organization planned more of the programming and the committee oversaw it.
- Mal noted that the AOD Creative Inquiry plans to shift its focus next year to prescription drug abuse and misuse or marijuana. CCC members commented on what they would like to learn through a survey conducted by CI students:
  - Prescription drugs misuse/abused
    - Motivations for misuse, access, frequency
  - Marijuana forms used, frequency, access, motivations

City & Community
- Senior Walk, Monday, May 8 - Anticipated to have a small crowd with minimal issues, as in years past.
- Pill Take Back Day - Tate reported that they collected the most pills they have ever had in Clemson with around 60lbs. A few students participated. They collected around 460lbs in the Pickens County. He hypothesized that it was a success due to advertisements that ran on the news every night.

**Clemson Community Coalition**

**Vision:** We envision a campus and community committed to a high quality of life free of the impact of substance abuse and its adverse effects.

**Mission:** To reduce high risk alcohol and other drug (AOD) use primarily among college students in our area through coalition building, environmental management, awareness and education.
