Minutes:

- Introductions of new members; Megan Fallon: Interpersonal Violence Prevention Coordinator
- Report on the Law Enforcement Summit
  - 51+ people in attendance
  - Will be an annual event
  - Community Policing model with Residence Life and CUPD
  - Behavioral Health Services from Pickens County
- Ain't Patty's Day Bar Crawl
  - Nick's went pretty well.
  - Nick's would offer food specials if asked
- OCES:
  - Received fewer urgent cases compared to last year
- Next bar crawl will be Senior Walk. Usually the Monday before graduation.

Sub-committees:

- Community Outreach: connecting with students and community members in grass roots efforts. Welcoming to the neighborhood, cook out event with student, members and law enforcement.
  - Megan Fallon expressed interest.
- Apartment Manager Outreach: work with Kimberly Poole to coordinate these efforts.
  - Megan Fallon expressed interest.
- Downtown business and bar owner Outreach: bar crawl events, etc. Working with the businesses to address high-risk drinking.
  - Crystal Burnette expressed interest.
- City Council Meeting Outreach: visit city council meetings

Dean of Students Office initiatives:
o Off-campus Student Advisory Board. Could play a role in outreach efforts down the road, but just getting started at this point.
o Meets quarterly with apartment managers; sharing information on what resources are available to them to help their student residents; looking at community policing practices at other institutions.

General Discussion regarding subcommittee work and community outreach activities:

• Would like to produce a “toilet paper” for downtown businesses
• Example of town/gown festival from Megan Fallon
  o Spring concert and free carnival
  o Battle of the band competition; student bands competed to open for the main act
• Discussion of pub crawl
  o Does the organizer have insurance?
  o How could the JCUAB do to help with these efforts?
• Two ideas: Create an environment that tames Fall Crawl; create an environment to foster better relationships with community
  o Fall crawl may be too much to take on.
• Community outreach could reach so many more people.
  o Trunk or Treat (October)
• Most planning needs to happen in the fall, because there is such a lull over the summer.
• We need someone from campus activities and events to help with our community outreach
  o Space, liability, other issues that activity and event planning
• The Pier is now where many fraternities are living
  o Campus is becoming quite disjointed
• Could we use the CPD information to plan our outreach events?
• Football weekends
  o We have the crowd; we have the audience. Could this group capitalize on that?
• Larry's all the way up to be Mellow Mushroom will be one big high rise apartment building.
• Beckie Prince, from CU Water Drop:
  o Completely confidential organization and CI team that provides free water to any student run party where alcohol is served.

Tate Brown: Update and discussion on Ain't Patty’s pub crawl.
• There will be a meeting with CPD and bar owners on Tuesday in the conference room at the CPD. Thinks at 2pm.
• Baseball games in the spring/tailgating

Elections and by-laws discussion:
• Need more consistency with chair and want to consider adding a Vice Chair.
• We will not meet during May, but we will meet in June and July in order to plan well for students’ return in August.
• Considering a different location for the Summer and next year’s meetings.

Next meeting:
• April 15th instead of April 8th.
• April 15th meeting will be in Community Room of Clemson City Hall (downstairs).
