1. Tap **Settings** > **Accounts** > **Add account** > **Email**.

2. Type your full email address, for example tony@clemson.edu, Type your password Tap **Next**.
3. Select **Exchange**.
4. Select **OK** to continue.
5. Once the device verifies the server settings, the **Account Options** page opens. Accept the defaults or select the options for how you want to receive and send your mail. Then tap **Next**. (You may need to scroll down to see **Next**.)
6. On the **Set up email** page you can change the name of your account. When you’re finished tap **Done**.

If you **synced your calendar and contacts in step 5** you can go to those apps on your phone to view any items that might be there.

If you synced tasks as well, you should see them in the calendar app on your device.

**It might take a few minutes for everything to sync.**

If your device can’t connect make sure you typed your email address and password correctly and try again. If you still can’t connect try setting it up manually following the steps below.
Manual set up

1. Tap **Settings > Accounts > Add account > Email**. This application might be named **Mail** on some versions of Android.

2. Type your full email address, for example tony@clemson.edu. Type your password. Then tap **Next**.

3. Select **Manual**.

4. Review the settings on the **Exchange server settings** page and update:
   - **Email**
     - Make sure your full email address is in this box, for example, tony@clemson.edu.
   - **Domain\Username**
     - Type your full email address in this box, for example, tony@clemson.edu.
     - If **Domain** and **Username** are separate text boxes in your version of Android, leave the **Domain** box empty, and type your full email address in the **Username** box.
   - **Password**
     - Use the password that you use to access your account.
   - **Exchange Server** is **outlook.office365.com**. Make sure the **Use secure connections (SSL)** box is checked.
CLEMSON Office 365 EMAIL MIGRATION
Android instructions

- Tap Done.
- You might receive a message about additional security features. Select OK to continue.
- Accept the defaults or make changes for how you want your account to sync on your device.
  When you’re finished, swipe to the bottom and tap Next.
- On the Set up email page you can change the name of your account.
  When you’re finished tap Done.

NOTE **

If you synced your calendar and contacts in step 7 you can go to those apps on your phone to view any items that might be there. If you synced tasks as well, you should see them in the calendar app on your device. It might take a few minutes for everything to sync.
