CU – BIOENGINEERING SAFETY TRAINING
FACULTY, STAFF, AND GRADUATE STUDENTS

The location of the Chemical Hygiene Plan and Hazardous Waste Management Plan are on-line or located on QR code reader in each lab. It is your responsibility to know where they are located in the lab you work and how to access on-line.

1. Fire Safety Training Module (Annual Online)
   Go to: https://www.clemson.edu/employment/worklife/fire_ext.html
2. Modules to complete: Go to http://www.clemson.edu/research/safety/
3. Select - Training (requires login)
   a. Blood Borne Pathogen training – should be taken once a year. The first training is required to be a LIVE training. Contact Kerri Kwist (kkwist@clemson.edu) to get registered for next session. Following LIVE training can be completed with annual online training.
   b. Biohazardous Waste Training
   c. Chemical Hygiene Training
   d. Hazardous Waste Management Training
   e. Laser/Radiation Training (if applicable)

4. When each module is complete send an email to Chad McMahan clmcmah@clemson.edu to notify him of your completion. Please include your name, module(s) name(s) and CUID number. At the completion of each module an automatic score will be provided to you. Make sure you completely fill out the information at the end of the test and click “submit”. Please notify me if you have any problems with the on-line training or submitting documents to us.

5. Mandatory Ethics in Research Training
   Follow the instructions.
   CITI Responsible Conduct of Research (RCR) Training

   INSTRUCTIONS FOR RCR:
   1. On Clemson’s website, seek http://www.clemson.edu/research/compliance/.
   2. On the left column, select “Responsible Conduct of Research.”
   3. And then “Training.”
   4. On the Training page, there will be a link for “Collaborative IRB Training Initiative (CITI).” https://about.citiprogram.org/en/homepage/
   5. Register using your username and password used for other assignments. Under Main Menu, select “Add Course/Update Learner Groups”
   6. At the bottom of the page under “What area do you need to take a course in?” select “Responsible Conduct of Research (RCR)” and then Engineering
   7. Complete the following modules: a. Research Misconduct b. Conflicts of Interest

   a. ***Do not call CorVel if medical treatment is not needed***
   b. For workplace injuries requiring emergency treatment, call 911. Once the employee has been transported, call CorVel at 1-866-282-2674. CorVel will contact treating facility.
   c. For non-emergency injuries contact supervisor and call CorVel. They will probably refer to Redfern.”
   d. Contact:
      Office of Risk Management at 864-656-3365
      Research Safety 864-656-0341
   e. Store these numbers on your phone so that you have immediate access.
