CU – BIOENGINEERING SAFETY TRAINING
UNDERGRADUATE STUDENTS

The location of the Chemical Hygiene Plan and Hazardous Waste Management Plan, are online and located on QR Code Reader sheet in each lab. It is your responsibility to know where they are located in the lab in which you are working.

1. Fire Safety Module (completed annually)
   Go to: https://www.clemson.edu/employment/worklife/fire_ext.html
2. Go to http://www.clemson.edu/research/safety/
3. Select - Training (requires login)
4. Modules to complete:
   a. Bloodborne Pathogen Training (if applicable)
   b. Chemical Hygiene Training
   c. Biohazardous Waste Training
   d. Hazardous Waste Training
   e. Laser/Radiation Training (if applicable)

**** When each module is complete send an email to Chad McMahan clmcmah@clemson.edu to notify me of your completion. Please include your name, module(s) name(s) and CUID number. At the completion of each module an automatic score will be provided to you. Make sure you completely fill out the information at the end of the test and click “submit”. Please notify me if you have any problems with the on-line training or submitting documents to us.

Chad McMahan, Bioengineering Research Safety Liaison, 864-656-5553
