## ABOUT ME:

I earned my B.S. in Biochemistry and Molecular Biology from Mercer University and am excited to work towards a Ph.D. in Engineering and Science Education here at Clemson. My advisor is Dr. Kelly Lazar. I am also a Graduate Research Assistant for the Division of Undergraduate Studies here at Clemson where my supervisor is Dr. Bridget Trogden.

## I'M INTERESTED IN:

- Learning new education research methods
- Current trends in chemical education research
- Broadening my knowledge of STEM education research

## INTERESTED IN COLLABORATING?

### I HAVE TO OFFER:

- Technical chemistry knowledge
- Experience as a chemistry lab coordinator
- Experience with IBM SPSS
- Experience working with Clemson University Division of Undergraduate Studies

### I AM SEEKING:

- Opportunities to expand my educational research experience, especially in chemical education
