

Rachel B. Lanning, Clemson University

ABOUT ME:

I am a doctoral student in the Engineering and Science Education department at Clemson University. I received my B.S. degree in Mathematics from Armstrong State University in 2015 and M.S. degree in Mathematics from Georgia Southern University in 2017. I have taught College Algebra at Georgia Southern University, as well as, Business Calculus I and Calculus I at Clemson University . My research interests focus on graduate students in mathematics. My advisor is Dr. Eliza Gallagher.
