AEESP DISTINGUISHED LECTURE

Elizabeth A. Edwards, Ph.D., P.E.

Professor

Dept. of Chemical Engineering & Applied Chemistry

Dept. of Cell & Systems Biology

University of Toronto

Friday, January 19, 2024 @ 2:30 PM, Watt Center Auditorium

Reception follows in the Watt Center Atrium

Adventures in Anaerobic Bioremediation

This seminar will discuss the application of molecular biology and metagenomics to uncover novel microbial processes, and the transition of laboratory research into commercial practice to develop bioremediation and bioaugmentation strategies for groundwater pollutants.

This AEESP Distinguished Lecture at Clemson University is co-hosted by Georgia Tech, Auburn University, University of North Carolina-Charlotte, University of South Carolina, and Clemson University.
