

Tenure-track faculty positions in operations research for August 2010.

The Department of Mathematical Sciences at Clemson University invites applications for expected tenure-track faculty positions starting with the Fall 2010 semester. The Department includes the areas of algebra and discrete mathematics; analysis; bioinformatics/biomathematics, computational mathematics; mathematics education; operations research; and probability and statistics. Targeted recruiting is for the assistant professor rank, but applicants for all ranks will be considered. Desirable attributes for candidates include an interdisciplinary research orientation in the mathematical sciences; post-doctoral, industrial, or practical experience; collaborative possibilities with faculty members in the Department and related disciplines; and an interest in innovative applications. Candidates should have strong potential or demonstrated capability for effective research and teaching in operations research. An earned doctorate or equivalent is required for the tenure track positions. Review of applications will begin on December 1, 2009 and will continue until the positions are filled. Applications received by December 31, 2009 will receive full consideration. Applicants should indicate their research specialties and interests in their cover letter. Vita and three reference letters should be electronically filed at www.mathjobs.org. CU is an AA/EO employer and encourages applications from women and minorities.
