

## Selecting Optional Fees

Optional fees include meal plans, money on Tigerstripe, and a TAPS yearbook. All optional fees should be added by the student/parent using the Tigerweb. Please add the optional fees before making a payment. The student's bill will recalculate after the options are added to display the updated balance.

Any subsequent meal plan changes or Tigerstripe additions/changes can be made in the Tiger 1 Card Office located in the lobby of Fike Recreation Center.

Students who will be living in on-campus housing (billed though the student bill) will automatically have the annual post office box rental fee added to the Fall bill. The student can "opt out" of the post office box rental fee on the online bill.

## Health Fee Policy

University policy requires all students registered for seven or more credit hours (three hours during summer terms) pay the University health fee. The health fee supports all of the services at Redfern and includes:

- Professional services of primary health care providers, (physicians, nurse practitioners, nurses), psychologists, and health educators.
- Reduced costs on pharmaceuticals, psychological testing, laboratory and x-ray services.
- After Hours Nursewise telephone service (1-888-525-1333).
- \$500 urgent care EXCESS benefit for after-hours urgent care (insurance carrier determines the covered benefit). Contact Student Insurance office (656-3561) the next business day for information.
