      This will take you to the iROAR Student Registration homepage.
   2D. BROWSE CLASSES
      Select the Fall 2021 term.
   2E. ADVANCED SEARCH
Determine Your Search

If you want to search for an Honors section of a particular course, enter in the subject and course number in the appropriate boxes. For example, the subject and course number for BIOL 1030- General Biology I are BIOL and 1030, respectively.

If you want to search for all Honors courses available in a subject, type only the subject without a course number.

The arrows indicate where to enter the subject, course number, and Honors attribute.
Second, in the Attribute box, type Honors College and select the Honors College attribute. Click search.

An Honors section of a course is indicated by (HON) at the end of the course title.
