

Meena Mirdamadi

B.S. Bioengineering, May 2010

My name is Meena Mirdamadi and I am a senior in Bioengineering. I have been a member of the Dixon Fellows program going on four years now, and I am a member of Tau Beta Pi. I participated in the EUREKA! program the summer of 2006 and the summer of 2007. Also during the summer of 2007, the Calhoun Honors College gave me the opportunity to study abroad in Belgium for four weeks. In the summer of 2008, I was awarded an Educational Enrichment Award to shadow a doctor in Iran. I spent 6 weeks learning about the medical practices of Iran and compared it to the American medical system.
