**South Carolina State 4-H Policy on Headgear Safety Equipment** -The South Carolina Cooperative Extension Service 4-H Horse Program (4-H Program) requires that all riders wear protective headgear that meets or surpasses current applicable ASTM (American Society for Testing and Materials/SEI (Safety Equipment Institute) standards while **riding** in all 4-H Horse Program sponsored events and activities, including events and activities offered at the County, District or State level. The headgear must be properly fitted, properly worn on the top of the head, and worn with the strap or harness securely fastened. Events and activities covered by this policy include but are not limited to State 4-H Horse Show, 4-H Horsemanship Camp, District 4-H Horse Shows and Southern Regional 4-H Horse Championship. The term “riding” as used in this policy refers to the mounting, riding or driving of a horse or pony in any 4-H sponsored event or activity. The term “rider” refers to a person engaged in riding.

It is the responsibility of the rider, and the parent or guardian of the rider, to confirm that the headgear worn by the rider complies with the safety standards set forth above; is properly fitted, fastened and work; and is in sufficiently good condition that it would protect the rider in the event of an accident. The 4-H Program and the show committees, officials, judges, extension personnel and volunteers associated with the 4-H Program are not responsible for providing headgear and are not responsible for checking headgear worn by riders in order to comply with this rule.

**Any rider found to be riding in violation of this policy by 4-H Horse Program employees or volunteers will be immediately prohibited from further riding, and shall be barred or disqualified from the event or activity in which the rider is engaged at the time of the violation.**

The 4-H Horse Program makes no representation or warranty, expressed or implied, concerning the headgear worn by any rider during a 4-H Program sponsored event or activity. In particular, the 4-H Program makes no representation or warranty concerning the safety performance of any headgear worn by any rider. The 4-H Program cautions riders and their parents and legal guardians that death or serious injury may occur despite wearing safety headgear as all equestrian sports involve inherent dangerous risk. No headgear can protect against all possible injuries.

- ___ Feed scoop*
- ___ Water hose with nozzle*

**Do not begin a new feeding program right before camp. For your horse’s sake, have him on a regular feeding program at least two weeks prior to camp. If your horse is unaccustomed to living in a stall, you should begin acclimating him/her to a stall at least two weeks prior to camp.**

Bring enough hay and grain for 5 days (Monday pm through Friday am – twice daily feeding – 8 feedings minimum). Bring a salt block or salt supplement. Due to the hot weather typical for July, it is very important for the horse to eat hay and drink lots of water in order to maintain gut motility. Extra hay may be stored in one’s horse trailer if desired. It is also recommended that you bring electrolytes for your horse to encourage hydration. You should acclimate your horse to consuming these electrolytes PRIOR to camp. Often, the introduction of electrolytes can make your horse go off feed, so prepare the horse for consumption in advance.

**Important:**
Each horse and pony must have a negative Coggins test completed between 7/5/15 and 7/1/16 and a recent health form presented for inspection at time of arrival. There will be no exceptions!!
Stable Management Guidelines – The safety and health of the 4-Her and his/her horse will be emphasized. Morning barn inspections are for the purpose of determining whether or not the horse has been properly fed and watered, the stall cleaned, the tack serviceably clean for the day’s activities, and the general area neat and safe. Afternoon barn inspections are conducted to make sure that horses have been properly cooled out, groomed, watered, and left in a clean stall and that the general area is neat and safe.

Evening barn checks are conducted to make certain that all horses have water, doors are properly closed, halters and leads visibly available for emergencies and that there are no indications of colic, etc. following the day’s activities.

Generally, the following rules will be observed:

- Stalls should be clean and well bedded. Doors must be closed and properly latched.
- Horses must be cooled and brushed out before being left in their stalls.
- Tack should be safe, clean and in good condition.
- Water and grain boxes/buckets should be placed in the front of the stall and for safety’s sake not on the ground. Hay nets (open string type) are not allowed, but canvas or nylon closed-type hay bags may be used if hung safely. Hay may be fed on the ground.
- Salt must be kept available for horses at all times since they lose electrolytes during sweating.
- Stall fronts and aisles must be kept free of obstacles. Tack area should be neat with equipment and tools arranged safely.
- Each horse must have a halter and lead line hanging on his stall front at all times.
- 4-Hers must be properly attired at all times when in the barn area and around the horses (long pants and leather, hard soled shoes – tennis shoes and duck boots are not acceptable).
- Each youth will be held responsible for the care and feeding of his/her horse while attending camp.
- All horses must have a prior history of being tied!

Save time and trouble . . . set your stall up correctly when you move in! Below is a diagram of the suggested stall set up. It would be helpful to bring a hammer, nails, fence staples, etc. to make stall set up easier.

- **Buckets** – Two water buckets ensure that the horse has plenty of water at all times. Place water buckets in the front corner of stall. Place feed bucket by the door to avoid fights at feeding time. Buckets can be hung with chains and snaps, fence staples and snaps, or bucket straps.
- **Bedding** – Stalls should have adequate bedding to absorb wetness and provide cushion. Frequent stall picking keeps bedding cleaner for a longer period of time. 3 bags of bedding will be provided for each horse. Additional bedding will be available for purchase at $6.00 per bag.
- **Halter and Lead Rope** – These should be hung on outside of door in case of emergency.
- **Fan** – A fan should be hung outside the front of the stall so that horses cannot chew the cord. In some stalls, fans can be hung in the area outside and over water buckets. In other stalls, receptacles may be located near the door such that fan is hung on door and will need to be unplugged when door is opened. Horses will need fans for ventilation due to extreme heat. Fans can be hung with “Bungee” cords or baling twine.
- **Hay Nets** – String type nets are not allowed. Please leave them at home. They present a serious threat to your horse or pony if not hung correctly.
Tips for 4-H Horsemanship Camp

- If your horse is not ridden regularly, begin a gradual exercise program to condition your mount at least a month prior to camp. If you ride occasionally, begin with riding 30 minutes per day, 4 times per week. Gradually add time until you are riding your horse one hour per day 3-4 times a week. Remember, this is your best friend. Don’t ask him to do something he may not be prepared for!
- Make arrangements for a knowledgeable farrier to evaluate and either trim or shoe your horse before camp. We suggest having horses/ponies shod on front feet unless they are accustomed to rocks and hard footing. A lame horse will not be very useful at camp.
- Plan to have deworming and vaccinations done several weeks prior to camp. The better health your horse is in, the better he will be able to withstand the heat and stress of the week’s activities.
- If your horse does not stay in a stall regularly, acclimate him to a stall gradually by putting him in a stall a few hours at a time and feeding him in the stall until he is comfortable staying in overnight.
- Do NOT make sudden feed changes! If your horse has not been receiving grain or hay daily, you can stress him and his digestive system and cause severe colic by suddenly putting him into an unfamiliar stall and giving him grains when he has been out on pasture with minimal stress.
- If your horse kicks at other horses, bring a red ribbon and tie it in his tail. Please make your instructor aware of any problem you may be having with your horse. Never crowd other horses. Leave enough room between your horse, yourself and others so that no one will be harmed if a horse kicks out.
- Check all tack for fit, wear and tear. String girths, leather cinch straps, cheek pieces, chin straps, and reins tend to wear quickly. Make sure all of your equipment is in good working order. When in doubt replace it with good adjustable equipment.
- Have your horse’s Coggins and health record available at check in.
- Wear hard soled leather shoes at check in. Tennis shoes are not allowed in the stable are at any time.
- Lastly, come with an open mind. No one knows everything! Not everyone does things the same way. What is important is the result which may be achieved through a variety of methods. A good horseman is a person who is receptive to what others are doing and is able to learn from other people’s successes or failures.

Following is a description of several scholarships for 4-H Horsemanship Camp and a note regarding eligibility. The application and required materials must be submitted postmarked by June 13, 2016 in order to be considered.

**Jessica Chomko Memorial Scholarship**
From the time Jessi Chomko was small, her caring attitude for both people and animals exemplified the principals of the 4-H Pledge. Beginning with her first pony at age four, she learned to care for, love, and respect animals. When the pony got too old to ride, she continued to love and care for it. Jessi’s 4-H experiences helped prepare her to be a responsible young woman. She served as President and Treasurer of the Sumter County Young Riders Club. She planned and organized the Sumter County 4-H Horse Show by obtaining the facility, purchasing trophies and ribbons, and working at the show. She received the T.B. Tillman Horsemanship Award. Jessi participated in the State 4-H Horse Shows, horse judging, public speaking, and other 4-H activities. One of her favorite 4-H experiences was 4-H Horse Camp at Clemson University.

When not taking classes at USC and Central Carolina, she worked weekends and summers at Red Bank Equine Therapy Farm. Her work involved care for horses with needs beyond those of healthy, active animals. According to Anne Shirley, owner of Red Bank, there was no job that was beneath her, or was there a challenge that was too big for her to tackle.

In spite of all her activities, Jessi always had time for her family. She and her mother, Jackie Young, rode horses together and participated in many horse events. She maintained a close relationship with her grandmother, Colleen Hibbard. Jessi touched many lives. Her beautiful smile and enthusiasm will be sorely missed, but she will be forever in our hearts through this scholarship fund.

One scholarship will be awarded annually in loving memory of JESSICA COLLEEN CHOMKO (July 17, 1981 – June 4, 2002) by family and friends through a memorial fund. Any South Carolina 4-H Horse Project member is eligible to apply. The recipient will be chosen by a committee of judges based on essay that meets application guidelines. A 4-H Horsemanship Camp Scholarship Application and essay are required to be postmarked by June 2, 2014. Criteria for the essay are listed on the application form.

**Garrison Arena/Coca Cola Scholarship**
The Coca Cola Company sponsors a scholarship through the T. Ed Garrison Arena to provide a $500 college scholarship. While not directly a scholarship for 4-H Camp registration fee, this scholarship is offered during the 4-H Horsemanship Camp. Interested 4-Hers must participate in a scholarship contest which includes an impromptu speech of no more than 3 minutes on a horse- or 4-H-related topic drawn at random; an interview with a panel of judges; and an equitation riding test scored by a panel of judges. Scholarship competitors must use the horse that they’ve chosen to bring to the 4-H Horsemanship Camp for the equitation riding test. The impromptu speeches will be held on Tuesday night during the evening session and the riding test will be held on Thursday during the afternoon lunch session. The scholarship recipient will be announced on Friday afternoon during the final lunch with parents during pick up. The recipient, once enrolled in college, can request their scholarship award through the 4-H Horse Specialist and the Garrison Arena.

One Coke Scholarship will be awarded during the 4-H Horsemanship Camp. This is a $500 college scholarship (not camp registration fee scholarship). Interested 4-Hers should complete the Scholarship Application form and mail in postmarked June 2, 2014. This application does NOT require an essay. The competition will occur throughout the week at Horsemanship Camp.
