The Department of Pesticide Regulation (DPR) is the South Carolina regulatory and investigative agency for pesticides. The DPR enforces the South Carolina Pesticide Control Act (SCPCA), the South Carolina Chemigation Act (SCCA), the state groundwater plan, as well as the Federal Pesticide Recordkeeping Requirement and the EPA’s Worker Protection Standard (WPS) and the Fish & Wildlife Service’s Endangered Species Program. The DPR also registers pesticides for South Carolina, licenses pesticide applicators and pesticide dealers, and performs quality assurance analysis of pesticide formulations.
