

CLEMSON[®]

COOPERATIVE EXTENSION

June 6, 2017

To: All Interested Parties/Consignors and Stakeholders

From: Scott Sell, Edisto Bull Test Coordinator

Re: 2017 34th Edisto Forage Bull Test – Off Test Report

Anytime south of I-20 when you can graze millet and ryegrass on alternating days in late May, you have had a cool and wet spring. We have been able to do just that the last few weeks. The bulls were weighed off test today and they continue to look good. The ADGs were all over the board this period and that reflects injuries, increased fighting, and the heat. Bull 6 and 1 are out of the test, and 43 remains in the test but is nursing a fight related injury and is segregated from the rest of the bulls. The Off Test report is below.

As always if you have any questions or concerns please don't hesitate to contact me!

The Off Test report and consignor information are available now at:
