

Dear Sir or Madam:

This letter is to inform you that Clemson Extension Service will be hosting an agronomic training/meeting on the potential for peanut production in Chester, Lancaster, and York counties. The meeting will be led by Dr. Jay Chapin and Monty Rast. Dr. Chapin is Clemson Extension Service's Peanut Specialist, and Monty Rast is a South Carolina peanut farmer, buyer, and distributor. Participants will learn about the peanut industry in South Carolina including agronomics and economics. Farmers will have the opportunity to openly discuss all aspects of the potential for peanut production with the experts leading the meeting as well as other farmers participating in the meeting. The purpose of the meeting is to provide you with information that may allow you to diversify your farming operation and potentially increase the profitability of your operation. Your attendance and participation in this meeting/discussion would be greatly appreciated.

The meeting will be held in the York County Clemson Extension Office on Tuesday December the 8th from 10:00 am until 12 noon. The Extension Office is located on 120 North Congress Street York, SC 29745. If you plan to attend the meeting please call and register at (803) 684-9919 Extension 0. Thanks for your time, and I look forward to seeing you at the meeting. If you have any questions please feel free to call or email me.

Sincerely,

W. Cory Heaton
