How to Use the HGIC

By calling the Home & Garden Information Center's toll-free number, you can listen to more than 600 recorded messages 24 hours a day, 7 days a week. For those really tough questions, our information specialists are happy to assist you from 9 a.m. to 1 p.m. Monday through Friday (except holidays).

To get started, look through the list of topics in this guide and decide which messages you'd like to listen to. Then call the Home & Garden Information Center toll free at:

1-888-656-9988

Follow the instructions in the main menu to navigate the phone system. In addition to listening to messages, you may request up to five fact sheets mailed to you free of charge, request this list of four digit codes, or speak to an information specialist.

All of our information is also available on the web at:

<http://www.clemson.edu/hgic>

If you experience a problem with the system or have comments or suggestions on this service, please write to us at:
