Overview:

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides grants of up to $4,000 per year to students who intend to teach and agree to meet certain conditions. In exchange for receiving the TEACH Grant, you must agree to a service obligation that requires you to serve as a full-time, highly-qualified teacher, in a high-need field, in a public school or nonprofit Educational Service Agency (ESA) for elementary or secondary schools, that serves low-income students. As a recipient of a TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. You are responsible for submitting the required documentation for service confirmation to the Department of Education.

* If you fail to complete this service obligation, all amounts of TEACH Grants that you received will be converted to a William D. Ford Federal Direct Unsubsidized Loan and you must repay this loan to the US Department of Education. You will be charged interest from the date the grant(s) originally disbursed. Once a TEACH Grant converts to a loan, it is not reversible. For more information on the grant and the requirements for the program, visit https://studentloans.gov where you can also access links to TEACH Grant Counseling and the TEACH Grant Agreement to Serve. You may also visit https://studentaid.ed.gov/sa/types/grants-scholarships/teach.

The annual amount of the grant is $4,000, with an undergraduate aggregate limit of $16,000 and graduate limit of $8,000. The federal government is currently under a sequester that reduces the $4,000 grant to $3,724.

A. Eligibility Requirements:  

- Submit a current year Free Application for Federal Student Aid (FAFSA) to determine Title IV eligibility;  
- Be a US Citizen or Eligible Non-Citizen;  
- Be enrolled as a degree-seeking undergraduate or graduate student in a TEACH-eligible Clemson major with a GPA of 3.25 or above;  
- As an undergraduate, be enrolled in the professional level of the education curriculum which requires at least 60 earned applicable credit hours and having passed or exempted the Praxis Core;  
- Complete TEACH Grant Counseling  
- Sign a new TEACH Grant Agreement to Serve annually.  

B. Service Obligation:  

- Applicants must meet all eligibility criteria and commit to a required service obligation as follows:  
  1. Teach full-time as a highly-qualified teacher;  
  2. Teach for the majority of time (51% or more) in one high-need subject area;  
  3. Teach at public schools that serve students from low-income families;  
  4. Teach for at least four academic years within eight calendar years of completing the program of study for which the TEACH Grant is received.  

C. Conversion to Unsubsidized Stafford Loan:  

When a TEACH Grant is converted to a Direct Unsubsidized Loan, the fixed interest rate will be the rate in effect for Direct Unsubsidized Loans on the date the TEACH Grant was first disbursed. For example, 3.76% for undergraduates and 5.31% for graduates is the interest rate for 2016-17.  

Capitalization of interest applies from the date the TEACH Grant was first disbursed. Capitalization is the addition of unpaid interest to the principal balance of a loan. Capitalization increases the principal balance of the loan and the interest calculates based on the increased principal balance. This may increase the monthly payment amount and the total amount repaid over the life of the loan.
Example of Conversion to Loan:

You received $16,000 in TEACH Grant funds between September 2013 and June 2017. If your TEACH Grant funds are converted to a Direct Unsubsidized Loan in December 2021 because you did not fulfill your teaching obligation, then approximately $9,347 in interest would have accrued before the Direct Unsubsidized Loan enters repayment (following the six-month grace period) in June 2022. This example is based on an interest rate of 8.25% (the maximum interest rate for Direct Unsubsidized Loans made to undergraduate students). (Note: All amounts are estimates; your actual monthly and total repayment amounts may differ from the amounts shown in the chart.)

- You decide that you do not wish to become a teacher.
- You become a teacher, but not in a high-need subject.
- You become a teacher, but not in a low-income school.
- You become a teacher in a high-need subject in a low-income school, but start this position too late to finish four years of service within eight years of graduation.
- You forget to confirm to your TEACH Grant servicer at least once each year that you intend to satisfy your service obligation.
- You cease enrollment in your program but forget to contact your TEACH Grant servicer within 120 days.
