

Using a PDF reader plugin

If you'd rather not use PDF Viewer, you can use a PDF reader plugin like [Adobe Reader](#), [Nitro PDF Reader](#) or [Sumatra PDF](#).

To change from using the built-in PDF viewer to your PDF reader plugin:

1. At the top of the Firefox window, click on the Firefox button and then select Options
2. Select the Applications panel.
3. Find **Portable Document Format (PDF)** in the list and click on it to select it.
4. Click on the drop-down arrow in the **Action** column for the above entry and select **Use PDF reader name (in Firefox)**.
