TOTAL HOURS = 124

1 Students scoring 2 or below on the CMPT must take MTHSC 101 as a prerequisite for CH 101 during this semester.

2 See General Education Requirements.

3 If this requirement is satisfied by another course in the curriculum, elective hours may be substituted.

Notes:

1. A minimum grade of a C is required in the following courses for progression to junior year clinical courses: BIOL 103/105, BIOSC 222, 223, CH 101, MICRO 205, MTHSC 101, 203, NUTR 205.

2. A minimum grade of C is required in all nursing courses.

3. To progress to junior-level nursing courses, students must have a minimum grade-point ratio of 2.5 and may not have received more than two final course grades of less than a C in the last five years.

4. A minimum grade-point ratio of 2.5 must be achieved in all required nursing courses for progression to the next level. Only courses required for the Nursing curriculum, including the allotted three elective credit hours, will be used to calculate this grade-point ratio.

5. Students may repeat only one nursing course, excluding a W or redemption. Further, students may repeat that nursing course one time only. Students who are unsuccessful on the second attempt in a nursing course will be counseled to select another major and will not be permitted to continue in the Nursing program.

6. Students must pass didactic and clinical components to pass all clinical courses
