Re: Call for Proposals – Diversity and Inclusive Excellence Incentive Grant Fund

Date: May 22, 2017

I am pleased to announce the call for proposals for the 2017-2018 Diversity and Inclusive Excellence Incentive Grant Fund, supported by the Office of Inclusion and Equity. Previous years' grants have supported a wide variety of innovative projects that have enriched Clemson University and benefitted its students.

Special consideration will be given to proposed activities and projects deemed most likely to significantly enhance the campus climate, improve the educational experience of Clemson students, and prepare Clemson graduates to thrive in today's multicultural environment and global market- and workplace.

Awards for projects selected by the committee range from \$1,000.00 to \$5,000.00. Multiple-year awards may be available (reviewable year-to-year) for activities that are exceptionally successful and enjoy broad impact.

Relevant information, including requirements and guidelines for proposals, are attached. **Proposals for grant funds are due to the Office of Inclusion and Equity on or before June 16, 2017 by 4:30 pm.**
