

## Keeping Your House Pest Free Begins With Proper House Design and Good Home Maintenance!

### Proper Design Includes:

- ( Water drains away from the home
- ( Gutters are installed
- ( Doors and windows are sealed and screened
- ( Crawlspace and attics have vents
- ( Plants are not planted too close to the house

### Good Maintenance Includes:

- ( Keeping screens in good repair
- ( Putting food away
- ( Fixing plumbing leaks
- ( Keeping trash covered
- ( Rinsing recycling cans and bottles
- ( Trimming bushes and trees away from the house
