

School of Materials Science & Engineering is pleased to announce two 2009 finalists in the Fiber Society student paper competition

Daria Monaenkova & Vijoya Sa

It is a great honor to be selected as the finalists in FS student paper competition. Daria and Vijoya competed with the best students in the field, not only in US but internationally! Australia, Switzerland, France, Japan, Korea, Turkey, Hong Kong, and China had their representatives in the Fiber Society Meeting in Athens, GA, and you won !

Congratulations with your excellent presentations on the Fiber Society meeting showing your great work.

VIJOYA SA WON THE FIRST PLACE!

She did very good job and gave an artistic presentation! Her name will be listed among all Awardees of the student paper competition at

<http://www.thefibersociety.org/Assets/Awards/StudentAwards.html>

Vijoya, you left your mark in this historical list!

Dasha, this is just a beginning and you will have your trophy soon!
