

Have you thought of using Raman in your lab?  
Think it's too finicky, difficult, or expensive?  
Come find out why none of that has to be true.

Thermo Fisher Scientific will be hosting an hour long lunch seminar on the benefits of raman, complete with pizza and drinks on Wednesday August 5<sup>th</sup> at 12:00 in the Conference Room of the School of Material Science and Engineering (Room 152 Serrine Hall). Afterwards, there will be a sign up sheet to get hands-on time with the new DXR Raman Microscope introduced at Pittcon 2008. Sign up and bring your samples to see how easy it can be to add a whole new level of information to you analysis. Join the Raman Revolution!

**What:** Raman Seminar

**Where:** Serrine Hall 152

**When:** Wednesday August 5<sup>th</sup> at 12:00

**Why:** To find out how easy it is to add a key analytical technique your lab is missing

If interested please email Keith Rhodes at [keith.rhodes@thermofisher.com](mailto:keith.rhodes@thermofisher.com), so that we can get an accurate count for pizza and drinks and send you directions.
