Summary of the 2008-2009 Oklahoma State University Faculty Salary Survey

The Oklahoma State Faculty Salary Survey by Discipline satisfies the growing need for current salary information within the community of higher education. Participation in the survey is limited to institutions that belong to the National Association of State Universities and Land Grant Colleges or award doctoral degrees in at least five discipline areas. Each institution that participates is asked to provide low, high, and average salaries for all faculty ranks and academic disciplines as identified by the Classification of Instruction Programs (CIP) codes represented on their campuses. All personnel who hold faculty rank and have primary responsibilities of instruction and/or research are included. Department chairs are also included.

The information collected in this summary has been taken primarily from the main report and compares Clemson's salary information with three university groupings: Research Universities with high research activity, Research Universities with very high research activity, and National. List of institutions in each comparison group are provided in Tables 1 to 3, on pages 4 to 9.

These groupings have been broken into faculty rank categories, and, for each category, information is reported under four headings: Institution Group, Number of Participating Institutions, Number of Faculty Members, Mean Salary, and Clemson Percentage. The heading Institution Group indicates the comparison group. The heading Clemson Percentage compares the mean of that particular discipline and rank at Clemson University to the mean of that rank and discipline to the mean of the other institution groups.

Due to the combining of some departments, this report is broken into disciplines rather than departments. Thus, this year, Agricultural Education is identified separately rather than within Agricultural & Biological Engineering. This will allow for more accurate comparisons by discipline. Faculty specific disciplines were identified from the faculty credentials database.
