

# SELECTSITE PLATFORM

Browser Support for Spend Director, Requisition Manager, Order Manager, Supplies Manager, Accounts Payable Director, AP Express, Total Supplier Manager, Sourcing Director and SciQuest Supplier Network

Platform	Supported Browsers
<b>Windows</b>	Internet Explorer (IE) 8*, 9*, 10, 11 Chrome – latest version – automatically updated by Google Firefox – latest version – automatically updated by Mozilla Opera 10 and higher
<b>Macintosh</b>	Safari 4.0 and higher Firefox – latest version – automatically updated by Mozilla
<b>iPad</b>	Safari – embedded browser within the iPad

## DETAILS:

- Firefox 3.6 and IE 7 are not supported.
- Internet Explorer versions 8 and 9 are not supported with new attachment functionality starting with the 14.3 release (drag and drop for attachments and adding multiple attachments)
- Email approvals are designed to work with embedded browsers for Android, Blackberry, and iPhone/iPad mobile devices. Readability of emails vary based on email client and formatting selected.
- iPad is supported by SciQuest, however not all Supplier punch-out sites will support use of this device.
- Although Safari is supported by SciQuest, not all Supplier punch-out sites support this browser.

# SELECTSITE IPAD CONFIGURATIONS

For the optimal experience when using SelectSite on an iPad, we recommend that you configure the following settings:

Setting	How to update
<b>Pop up Blocker: “Disabled”</b>	Settings -> Safari -> General: Block Pop-ups
<b>Open New Tabs in Background: “Disabled”</b>	Settings -> Safari -> General: Open New Tabs in Background
<b>Block Cookies: “From third parties and advertisers” or “Never”</b>	Settings -> Safari -> Privacy and Security: Block Cookies
<b>Javascript: “Enabled”</b>	Settings -> Safari -> Advanced -> Javascript

## DETAILS:

- By default, the Pop Up Blocker setting is Enabled, and Open New Tabs in Background is enabled. Both of these must be updated manually. Other recommended settings are Apple default settings and do not have to be changed unless they were updated previously.
- The location to update settings may vary slightly as Apple updates the operating system.
- iPad is supported by SciQuest, however not all Supplier punch-out sites will support use of this device.
