Diagnostic Services

Diagnostic Lab Overview

We at the Clemson Veterinary Diagnostic Center (CVDC) strive to provide you, the veterinarians and livestock producers of South Carolina (including equine and poultry), the best in diagnostic services.

The Diagnostic Center is accredited for **all** species by the American Association of Veterinary Laboratory Diagnosticians (AAVLD) and is a member laboratory of the National Animal Health Laboratory Network (NAHLN).

At the CVDC we have capabilities for necropsy, histopathology, bacteriology, virology, serology and molecular biology testing on most veterinary species (primate testing is limited to formalin fixed tissues). Toxicology testing is offered at the CVDC through a referral laboratory. To view the test and fee schedule provided by this lab, please visit our web site at:
