

2009 SPRI PROJECT DESCRIPTION FORM

Due January 23, 2009

Clemson University, College of Engineering and Science (CoES)

Return form to Cora Allard, SC LIFE/Biological Sciences, 132 Long Hall, 656-0721, fax 656-1425. Email callara@clemson.edu for an electronic copy of form.

Mentor's Name <small>(grad students must have permission of their advisors)</small>	
Department	
Office Address Office Phone	
Email	
Lab Address Lab Phone Lab Manager/Grad Student Lab Mgr/Grad Student Email	
Research Subject Area	

Briefly describe overall research program at your laboratory:

Note: SPRI students must be added to research compliance protocols (IBC, IRB, IACUC)

Briefly describe specific project(s) for your research intern:

NOTE: The project should be a valid means for teaching research methods to a student and not just using a student as a pair of hands.

We expect interns to work from approximately 8AM until 4:30PM (with a lunch break), M-F.

Does your lab routinely maintain a different schedule? Please briefly explain.

Will any other people (grad students, colleagues, etc.) be involved directly with the intern?

Does your intern need to have a car? (Please indicate YES or NO for both)

(Please keep in mind that requiring a car reduces the number of potential intern matches)

To commute to an off-campus facility YES NO

For off-campus field work YES NO

Number of interns needed: _____

(If you MUST have a specific number of interns to complete a project please note that below)
