

## Service Opportunities

*Serving your local community can unlock many benefits for you and your student organization. Your service may be directly related to the mission of your student organization. Service may also help you reach other goals like providing leadership opportunities, increasing social ties among your members, and even connecting your members to the community and the world.*

### On-Campus Opportunities

- **Paw Pantry:** The Paw Pantry is a community-wide movement to reduce food insecurity and promote wellbeing. Donate non-perishable food, school supplies, hygienic products, and household items. Student organizations may also schedule a donation drive, volunteer at the pantry, or request educational sessions about food insecurity.
