To Get Coursework Approved for Study Abroad:

1. Complete the "Request for Approval of Courses to be Taken Abroad" form (CWFAP)
2. Have advisors on this list approve course equivalencies for courses taken abroad.
NOTE: Your academic advisor can only approve courses for general elective credit, not for a specific requirement (ex: SOC 2999, a *Sociology* elective, needs a signature from Dr. Holland).
 Courses that have been pre-approved already are listed on **Clemson's TCEL**
3. If you receive financial aid, meet with the Financial Aid Office and provide them a copy of your CWFAP.
 Financial aid **will not be released** until the Financial Aid Office is aware of your study abroad.
4. Submit the CWFAP to the Pam Hendrix Center for Education Abroad **prior to departure**

NOTES:

Get approvals for more classes than you plan to take; sometimes cancellations happen.
 If courses change from what you had approved, update your CWFAP through the departments on this list in person or by email. Send your updated CWFAP to **abroad@clemsun.edu** to facilitate credit transfer.
