

SiteXchange and the Extranet

Brian Parnell

Really good guy

Effective Presentation Tips #1

- Tell humorous story

Effective Presentation Tips #2

- Use the same font throughout the presentation
- Light backgrounds with dark text can be used to create a soft look
- Don't read your slides - Put your key points on your slides and use speaker notes for your presentation

Introducing

~~Construction
Applications~~

~~Construction
Administration
and
Technology~~

Engineering
Contracts

Effective Presentation Tips #3

- Use bright colors in small areas to “draw in” your audience

Review

I miss you daddy
. But I know that
you and me
will have a
fun time. How
did it go? I
want you to
get me some-
thing but not

Hello Kitty
