## Education

### **Clemson University**, Clemson, South Carolina

Ph.D. in Applied Economics, August 1996  
Specialization: Regional Economics

### **Purdue University**, West Lafayette, Indiana

B.S. in Agricultural Economics, May 1987, *With Distinction*

M.S. in Agricultural Economics, August 1989  
Emphasis: Public Policy

## Professional Experience

### **Associate Professor and Extension Specialist** - September 2005 to present

Department of Applied Economics and Statistics, Clemson campus  
Institute for Economic and Community Development, Clemson's Sandhill Research and Education Center, Columbia, South Carolina

### **Clemson University** - Clemson, South Carolina

#### **Community Development Extension Program Leader** – July 2006 to present

Responsible for various aspects of strategic planning, shaping of programmatic agenda, staffing, and resource development for CD Program Team composed of county-based CD Extension Agents and campus and remotely-based Specialists

#### **Economic Development Administration University Center** – July 2006 to present

Conducting research and providing general technical support in the area of communication and information technology and e-commerce

### **Rural Development Economist and Outreach Specialist** – January 2002 to September 2005

Illinois Institute for Rural Affairs

### **Western Illinois University** – Macomb, Illinois

- ◆ Involved in all aspects of the continuous improvement and delivery of community civic engagement, strategic visioning, planning, and organizational development programs under the auspices of the IIRA MAPPING program ([www.mappingthefuture.org](http://www.mappingthefuture.org)) --- 2005 CDS Outstanding Program Award Recipient
- ◆ Managed the development of the Rural Information Technology Planning Project (<http://www.iira.org/technology>) while incorporating IT components into other IIRA outreach programs
- ◆ Developed, organized, and delivered set of information technology-based economic development forums in collaboration with Regional Manager of Illinois Department of Commerce and Economic Opportunity and regional Workforce Investment office to leaders in a nine-county region in West Central Illinois. Organizing a regional Technology Council for this 9-County region

- ◆ Worked with the Office of the Lt. Governor to help inform sound rural community information technology policy for the state
- ◆ Organized joint panel sessions for Community Development Society annual conference on community IT policy, access, and use
- ◆ Organized joint panel sessions for International Rural Network conference on the Role of Institutions of Higher Education in Rural Development
- ◆ Provided technical and writing support to an EDA-funded study of economic clusters. This study was recipient of a 2003 NADO Innovation Award
- ◆ Organized a symposium for IIRA that focused on the current state of rural policy in the United States, Canada, and the European Union. Participants included Chuck Fluharty (Rural Policy Research Institute), Tom Johnson (University of Missouri), and John Bryden (Arkleton Center for Rural Research, Aberdeen Scotland)
- ◆ Assisted with planning of three state-wide Rural Economic Development Conferences in Illinois
- ◆ Assisted with planning and delivery of multiple regional workshops on topics such as downtown development, riverfront development, education and community partnerships, leadership, and information technology-led economic development
- ◆ Served on search committee for Director of Illinois Institute for Rural Affairs
- ◆ Served on statewide Leadership Development and Technology conference planning committees
- ◆ Served on statewide Connecting-My-Community program Evaluation Advisory Committee

**Asst Professor, Extension Specialist, Rural Community Economic Development** -

May 1998 to January 2002

**Research Associate** – May 1996 to May 1998

**Virginia Polytechnic Institute and State University**

Department of Agricultural and Applied Economics

- ◆ Developed and delivered Extension educational programs in rural community sustainable development encompassing local development policy, state and local government finance, land use policy, and economic development policy
- ◆ Piloted sustainable rural community development program, Take Charge, that builds community consensus and direction on local development policy by involving stakeholders in a broadly-based asset mapping, visioning, goal-setting, and conflict resolution process. This program was integrated into a U.S. Department of Commerce Technical Opportunities Program (TOP) grant-funded program involving a partnership between Virginia Cooperative Extension and the Blacksburg Electronic Village that has been delivered in several counties in Virginia (<http://top.bev.net>)
- ◆ Responsible for all aspects of research/outreach program that produces annual use value estimates of agricultural land for property tax assessment purposes for all local governments in Virginia
- ◆ Developed and maintained a complex Access database used to make use value calculations
- ◆ Assisted in the development of the Program for Community Vitality, an Extension, Research, and Teaching unit within the Department of Agricultural and Applied Economics
- ◆ Invited to co-chair Southern Region edition of Take Charge curriculum design team funded by Southern Rural Development Center and the Farm Foundation
- ◆ Provided leadership and coordination for the development of an on-line discussion forum on national rural policy, [www.ruralpolicyforum.org](http://www.ruralpolicyforum.org) that was subsequently administered by Minnesota's state Rural Development Council within the Northwest Area Foundation territory

- ◆ Developed components of a comprehensive (economic, fiscal, environmental, and social) impact assessment program for delivery to local governments and citizen leaders that incorporates concepts from shared vision modeling and participatory action research
- ◆ Participated in Rural Policy Research Institute's Community Policy Analysis Network's efforts to develop fiscal impact models and assess state-specific impacts of federal policy changes
- ◆ Served on Host Committee for the European Rural University when they sent their contingency to the United States for the first time in June 2000
- ◆ Served as external reviewer for Natural Resources Leadership Institute at North Carolina State University
- ◆ Participated in Southern Extension Public Affairs Committee, sponsored by the Farm Foundation
- ◆ Organized a one-week study abroad experience in the Pyrenees-Roussillon region of France for undergraduate students enrolled in Environmental Sustainable Development Economics
- ◆ Provided technical assistance to the Virginia office of the National Resources Conservation in their efforts to develop an incentive program for the preservation of riparian buffers under the Virginia Conservation Reserve Enhancement Program
- ◆ Served on Virginia Legislature's Ad Hoc Advisory Committee on Preferential Taxation of Riparian Buffers, Wetlands, and Related Structures, Summer 1998
- ◆ Provided technical assistance and counsel to the Virginia Rural Prosperity Commission
- ◆ Provided support for an effort to place a State Rural Development Council in Virginia
- ◆ Provided technical analysis for the Virginia Tobacco Commission in their efforts to develop an appropriate formula for the distribution of Phase II Tobacco Settlement funds in Virginia and reviewed their state plan for rural community revitalization
- ◆ Provided planning and research support for the Virginia Tech Rural Economic Analysis Program workshop *Fitting the Pieces Together: Financing Issues Facing Virginia's Counties and Cities in the New Millennium*
- ◆ Selected to serve on Virginia Planning Association's committee to make recommendations to the Virginia General Assembly's Joint Commission on Growth and Economic Development
- ◆ Selected to serve as the Virginia representative on the Agriculture and Rural Economic Development Task Force of the National Rural Development Partnership
- ◆ Served on the Virginia Cooperative Extension Agri-Tourism Program Committee
- ◆ Served as Team Member of the Virginia Tech/Kettering Foundation Public Policy Institute
- ◆ Coordinated and taught introductory computer skills course to approximately 140 freshman and sophomores in Spring 98
- ◆ Developed a specialized computer lab course for AAEC undergraduates
- ◆ Assisted with instruction of graduate course, Research Methods in Regional Economic Analysis, and substituted for instructor in undergraduate course in rural development
- ◆ Assisted with 5-year strategic planning process for USDA Rural Development in Virginia

**Graduate Research Assistant**, August 1992-May 1996

**Clemson University**, Departments Agricultural and Applied Economics, Forest Resources, and Experimental Statistics

- ◆ Examined forest products industry to isolate particular sectors with potential for expansion in or attraction to South Carolina
- ◆ Obtained grant from Southern Rural Development Center to study optimal location and pricing arrangements for telemedicine facilities in South Carolina
- ◆ Researched and documented history of public healthcare programs in S.C. and assisted with study of comparative costs of Medicaid nursing homes in South Carolina
- ◆ Taught several sections of undergraduate and graduate level computer applications of fundamental statistical methods classes
- ◆ Assisted with teaching of courses in demography and farm management

**Rural Development Extension Specialist, May 1989 – August 1992**

**Purdue University**

Department of Agricultural Economics  
Center for Rural Development

- ◆ Managed, coordinated, and delivered community economic development consensus building and leadership development program, in partnership with county Extension agents, in fourteen counties and several communities in Indiana. This program, entitled “Take Charge” was collaboratively developed by the North Central Regional Center for Rural Development
- ◆ Developed program materials to complement Take Charge core curriculum
- ◆ Invited to provide testimony to the North Central Center for Rural Development on the effectiveness of the Take Charge program
- ◆ Led county and community groups through strategic planning processes, needs assessments, asset inventories, community surveys, and other community development programs tailored to their needs
- ◆ Collaborated with state and federal partners in delivery of programs
- ◆ Conceived, initiated, and edited “The Catalyst”, the official newsletter of the Purdue Center for Rural Development
- ◆ Served as member of Purdue Cooperative Extension Public Policy Task Force
- ◆ Assisted with development of an Extension program focusing on Educational Attainment in Indiana
- ◆ Provided technical assistance to county extension agents, county government officials, and other decision makers on various community economic development issues.
- ◆ Served on Leadership 2000 Program Planning Committee, a statewide leadership development program for agricultural leaders
- ◆ Served on Extension 4-H Curriculum Review Committee responsible for revising the community development and public service aspects of the curriculum

**Consulting Activities**

**Rock Falls Scenic Riverfront Redevelopment Association, 2004**  
Rock Falls, Illinois

Provided day-long planning retreat to assist this group determine it's mission and purpose and general operating principles

**ICF Kaiser Resources, 200-2004**  
Arlington, Virginia

Served on Quality Review Board of project sponsored by Minerals Management Service of the U.S. Department of the Interior to estimate the socio-economic impacts of offshore oil and gas exploration and extraction activities on mainland communities on the Gulf of Mexico

LAMIE, R. David "The Implications of Modern Western Rational Thought on Rural Communities." presented at annual conference of the Indiana Community Development Society. Conference Theme: What Happens When Walmart Comes to Town. Nappanee, Indiana September 1991 (Invited plenary)

## **Outreach/Extension Programs and Workshops**

### **West Central Regional Information Technology Consortium Initiative – Winter 2004-5**

In partnership with a nine-county based Regional Manager of the Illinois Department of Commerce and Economic Opportunity, the Regional Workforce office, and WIU's Center for the Application of Information Technology, developed, coordinated, and delivered three sub-regional forums, followed by three regional

meetings in an effort to initiate a regional agenda and organizational structure for advancing the West Central Region of Illinois in the knowledge economy.

### **Rural Information Technology Planning Program – 2003-4**

In cooperation with other IIRA staff and external consultant, conceived, coordinated, and delivered IT assessment, visioning, and planning programs in five communities. Three communities developed Information Action Research Teams to carry out action plans.

### **MAPPING the Future of Your Community Program – January 2002-present**

Led or co-led strategic visioning sessions in fifteen communities and two counties involving approximately 150 site visits, preparation and delivery of 75 workshops, and numerous telephone calls and e-mails. All participating communities and counties developed vision statements, high priority goals, and action plans.

### **Community Development Institute, Southern Rural Development Center – May 2001**

In partnership with Virginia Cooperative Extension Specialist, Brian Calhoun and County Extension Educator, Gary Larrowe, coordinated and presented workshop session “Building Civic Engagement in Small Communities: Showcasing the Take Charge Program”

### **Take Charge Program**

**Virginia** (2001) – Coordinated and delivered program, in partnership with county Extension educators, in two counties involving approximately twenty site visits and eight facilitated community work sessions. Trained a Virginia Cooperative Extension Community Development Specialist to carry out this program upon my departure. In partnership with the Blacksburg Electronic Village, integrated Take Charge into a three-year TOP grant resulting in the Take Charge program being implemented in approximately twelve additional counties after my departure.

**Indiana** (1989-92) – Managed program and delivered, in partnership with county Extension Agents, in approximately 15 counties and three communities involving approximately 100 site visits 50 facilitated community work sessions.

## **Public Use of Scholarly Work**

*The Economic Contribution of Selected Cultural Organizations on the Roanoke Valley.* Presentation by the President of the Blue Ridge Council for the Arts. 2000 Roanoke Cultural Summit. I worked extensively with their intern to develop these estimates to be presented by the Director of their Board.

“Agriculture is Important to Economy,” *Farm Bureau News*. Vol. 57, No. 8 (Virginia Farm Bureau Federation): September/October 1998. This article was based directly on the REAP study *The Economic Impact of Agriculture and Ag-Related Industries on the Commonwealth of Virginia*. Virginia Cooperative Extension Pub. No. 448-233/R035

“Migrant Workers Add Millions to Economy,” *Farm Bureau News*. Vol. 57, No. 8 (Virginia Farm Bureau Federation): September/October 1998. This article was based directly on the REAP study *The Economic Impact of Migrant, Seasonal, and H2-A Farmworkers on the Commonwealth of Virginia*. Virginia Cooperative Extension Pub. No 448-234/R036.

*Virginia Agriculture: Economic Contributions and Impact.* 10-page publicity brochure developed by VDACS with my assistance. May 1998. This brochure was based directly on the REAP study *The Economic Impact of Agriculture and Ag-Related Industries on the Commonwealth of Virginia*. Virginia Cooperative Extension Pub. No. 448-233/R035

Virginia Agribusiness Council Public Display Booth, 1999. The entire display was directly based upon information and graphics found in *The Economic Impact of Agriculture and Ag-Related Industries on the Commonwealth of Virginia*. Virginia Cooperative Extension Pub. No. 448-233/R035.

Indiana Corn Growers Association Check-off Referendum Lobbying Effort, 1994. The Indiana Corn Growers relied substantially on the results of my thesis research to mount their campaign to establish a corn check-off program in Indiana.

## Grantsmanship

### **VISTA Supervision and Technology grant, Corporation for National Service**

\$11,247 FY2003

\$12,000 FY2004

### **Rural Information Technology Planning Project ([www.iira.org/technology](http://www.iira.org/technology))** [Managed grants obtained by Walzer and Lamie]

USDA-Rural Development, \$33,000, 06/04/02 to 06/30/03

Illinois Department of Commerce and Community Affairs, \$19,370 ended 6/30/04

USDA-Rural Development, \$60,000, 05/01/03 to 04/30/05

Community Match, \$2,650 06/04/02 to 04/30/05

### **U.S. Economic Development Administration Cluster Project** 11/12/02 to 07/31/03

[Conducted research for Greater Egypt Regional Planning and Development Commission with several others from IIRA] \$63,997

**Program Planning Fund for the Joint Conference of the National Rural Development Partnership, International Community Development Society, and Minnesota Rural Partners** – Travel grants for participation in the National Rural Development Partnership policy conference in April 2001 in Washington, D.C. and the joint conference in July 2001 in Duluth, Minnesota.  
App. \$1,500

**U.S. Department of Commerce Technical Opportunities Program (TOP) Proposal** – 2001. *Getting Rural Virginia Connected: A Vision for the Future*. In collaboration with Blacksburg Electronic Village and Virginia Cooperative Extension, and Twenty-nine Virginia Communities located in Accomack, Carroll, Craig, Cumberland, Dickenson, Grayson, Louisa, King and Queen, and Northampton counties. App. \$700,000. See <http://top.bev.net> for an update

**Building Community Workforce Assets Mini-grant**  
U.S. Departments of Labor and Agriculture  
Principle Investigators: Dave Lamie, Gary Larrowe, Brian Calhoun  
FY 2000-2001: \$5,000

**Assessment of the Economic Impact of the Turf Industry on Virginia**  
Virginia Turf Council and Virginia Agriculture Council  
Principal Investigators: Dave Lamie, Eluned Jones, David Chalmers  
FY 1999-2000: \$42,350  
FY 2000-2001: \$30,000

**Determining the Use Value of Agricultural Land in Virginia**  
Virginia State Land Evaluation and Advisory Committee  
Principal Investigator: Dave Lamie  
FY 1996: \$ 70,000  
FY 1997: \$ 74,000  
FY 1998: \$ 53,500  
FY 1999: \$ 53,500  
FY 2000: \$ 53,500  
FY 2001: \$ 53,500

**Estimating the Economic Impact of Agriculture and Ag-Related Industries on the Commonwealth of Virginia**  
Virginia Department of Agriculture and Consumer Services  
Principal Investigator: Dave Lamie  
FY 1997: \$14,254

**Development of a Fiscal Impact Model for Fauquier County, Virginia**  
Fauquier County  
Principal Investigator: Dave Lamie  
Collaborators: Jeff Alwang  
FY 1997: \$ 32,995

**Assessment of Housing Supply and Demand for Pulaski County, Virginia**  
Pulaski County  
Principal Investigator: Dave Lamie, Jeff Alwang  
Collaborator: Godfrey Gibbison  
FY 1997: \$ 19,472

**Estimating the Economic Impact of Migrant, Seasonal, and H2-A Farmworkers on the Commonwealth of Virginia**  
Virginia Department of Labor and Industry  
Principal Investigator: Dave Lamie, Jeff Alwang  
Collaborators: Paul Trupo  
FY 1997: \$ 35,000

**Estimating the Economic Impact of the Smart Road on the New River Valley of Virginia**  
Virginia Tech Transportation Research Center  
Principal Investigator: Jeff Alwang, Dave Lamie  
Collaborators: Kerry Clendenon  
FY 1997: Tuition and stipend for graduate student (\$16,000), IMPLAN database (\$1,900)

### **Estimating the Economic Impact of the Virginia Tech and New River Airports on the New River Valley of Virginia**

Virginia Tech Office of the Executive Vice President  
Principal Investigator: Dave Lamie  
Collaborator: Kerry Clendenon  
FY 1996-97: \$25,000

### **Estimating the Economic Impact of Agriculture Sector in Clarke County, Virginia**

Clarke County Farm Bureau  
Principal Investigator: Dave Lamie  
FY 1996: \$3,600

### **Farm Foundation**
