South Carolina State 4-H Policy on Headgear Safety Equipment
The South Carolina Cooperative Extension Service 4-H Horse Program (4-H Program) requires that all riders wear protective headgear that meets or surpasses current applicable ASTM (American Society for Testing and Materials/SEI (Safety Equipment Institute) standards while riding in all 4-H Horse Program sponsored events and activities, including events and activities offered at the County, District or State level. The headgear must be properly fitted, properly worn on the top of the head, and worn with the strap or harness securely fastened. Events and activities covered by this policy include but are not limited to State 4-H Horse Show, 4-H Horsemanship Camp, District 4-H Horse Shows and Southern Regional 4-H Horse Championship. The term “riding” as used in this policy refers to the mounting, riding or driving of a horse or pony in any 4-H sponsored event or activity. The term “rider” refers to a person engaged in riding. It is the responsibility of the rider, and the parent or guardian of the rider, to confirm that the headgear worn by the rider complies with the safety standards set forth above; is properly fitted, fastened and work; and is in sufficiently good condition that it would protect the rider in the event of an accident. The 4-H Program and the show committees, officials, judges, extension personnel and volunteers associated with the 4-H Program are not responsible for providing headgear and are not responsible for checking headgear worn by riders in order to comply with this rule.

Any rider found to be riding in violation of this policy by 4-H Horse Program employees or volunteers will be immediately prohibited from further riding, and shall be barred or disqualified from the event or activity in which the rider is engaged at the time of the violation.

The 4-H Horse Program makes no representation or warranty, expressed or implied, concerning the headgear worn by any rider during a 4-H Program sponsored event or activity. In particular, the 4-H Program makes no representation or warranty concerning the safety performance of any headgear worn by any rider. The 4-H Program cautions riders and their parents and legal guardians that death or serious injury may occur despite wearing safety headgear as all equestrian sports involve inherent dangerous risk. No headgear can protect against all possible injuries.
